

General Purpose Control Components

Welcome to the Control Catalog!

Introduction

This new edition is your comprehensive guide to product selection and pricing for GE electrical control products. Our new format in this latest edition allows for maximum convenience and access to the information you need to serve your customers. Please note our new products highlighted on pages 2 and 3 of this introduction.

Fast Shipments

GE Fastrac is a quick-ship program that gives you access to a broad range of custom built and control products with an expedited shipping schedule.

EDI (Electronic Data Interchange)

EDI is a direct computer-to-computer exchange of business documents – primarily purchase orders and invoicing. Using off-the-shelf software, it translates data into a format that can be transmitted electronically and input directly in the order entry system. EDI offers several benefits, including reduced paper handling and associated costs, reduced errors that can occur in manual processing, and simplified sharing of information. For more details about EDI, call 1-800-GE1-STOP.

On the Web

Visit us at www.geindustrial.com to learn more about GE Energy. On the web you'll find detailed information regarding all of GE Energy's product lines, including product pictures, specs, features and benefits. You can also visit the publications library to get quick and easy access to thousands of GE product and marketing brochures or order a hard copy of a brochure.

The GE Smart Catalogs are available on www.geindustrial.com. You can register and download this complete catalog. Once downloaded, you'll have instant access to the catalog when you are online or offline. When used online, you will be notified automatically when updates are available for download.

Plus there is information regarding New Products, Where to Buy, Service, Parts Online, Training, Trade Shows and more! Visit www.geindustrial.com today to answer all your GE Energy questions.

EliteNet®

EliteNet® is the GE Energy B2B (business to business) extranet system to customize and personalize your web experience. Visit www.geindustrial.com and click on EliteNet® in the upper right corner to register. You still have access to all the great tools from the public web home page, plus you can customize the information you see to show only what matters most to you.

If you have an account with GE Energy you can check orders, place orders, check price and availability of products, process returns and even review your payables status any day of the week and any time of day no matter where you are worldwide!

For easy access to technical information about our construction products, register on our consultant's EliteNet®. An account with GE Energy is not required.

GE Energy is committed to making your business more productive by providing simple access to solutions and answers.

Key Contact Information

Customer Service

Customer service for all products listed in the Control Catalog, GEP-1260 and the BuyLog®, GEP-1100 can be obtained at:

GE Energy
Customer Service Center
4601 Park Road
Suite 400
Charlotte, NC 28209
Telephone: 1 (800) GE1-STOP, (800-431-7867)
Email: ge.1stop@indsys.ge.com

Post Sales Service

Post sales service issues and warranty cases can be initiated and updated via EliteNet® or contact:

1 (888) GE-RESOLVe (888-437-3765)

Component Application Support

Pre-sales application engineering support for component products can be found at:

GE Fastech
(800) 327-8155 or Fastchlt@Indsys.ge.com

How to Order Additional Control Catalogs

Additional copies can be ordered via the www.geindustrial.com website or through:

GE Energy
Distribution Services
PO Box 2913
Bloomington, IL 61702-2913
Telephone: (309) 664-1513
Fax: (309) 662-9660

GE Energy Global Headquarters

Appliance Park
Louisville, KY 40225
www.geconsumerandindustrial.com

GE Energy

Electrical Distribution
41 Woodford Avenue
Plainville, CT 06062
www.geindustrial.com

AF-60LP™, AF-600FP™, AF-650GP™, and GEM™ are trademarks of GE Energy.

A-Series®, BuyLog®, EliteNet®, Energy Saver®, Light Tower®, MicroVersaTrip®, Power Break®, and Spectra® are registered trademarks of GE Energy.

Lexan® is a registered trademark of GE Plastics.

What's new!

...and where to find it.

Miniature Circuit Breakers with UL Approval

The new series of E2000 circuit breakers provide branch circuit protection and are UL approved and UL 489 listed. They are available in single-, double- and triple pole versions with a rated VAC of 120/240.

See page 7-6.

Miniature Circuit Breakers with UL Approval

Emergency Push-Buttons

These new push-buttons feature an improved ergonomic design to ensure positive actuation and a more comfortable feel for users. All versions are manufactured in thermoplastic, complementing the existing range of round plastic operators, and are double insulated for operator safety and suitable for use in corrosive environments. The reduced front of panel projection significantly improves appearance while providing differentiation from other operator functions.

See page 9-69.

Emergency Push-Buttons

General Purpose Control Components

Introduction

GE Fastrac Program

What you want.

When you want it.

Fastrac Program Lead Times listed in red - Restrictions Apply

GE Fastrac Program is one of the broadest, fastest quick-ship programs in the marketplace. By giving you the capability to meet the tightest deadlines, it provides the power for you to meet demanding time requirements and specifications.

The GE Fastrac Program encompasses the most popular products in a variety of lines, including:

- combination and non-combination starters
- enclosed drive panels
- safety switches/load centers
- transformers
- lighting panelboards
- power panelboards
- switchboards
- motor control centers
- Limitamp® medium voltage motor control
- busway
- low voltage switchgear
- medium voltage switchgear
- circuit breaker trip unit conversion kits

On the following pages, you'll find a quick reference on quick shipments from the GE Fastrac Program, including details on the scope of each product line involved and a comparison of timing to standard shipping cycles.

You'll also find references to available publications that further detail the specific parameters of each product line program. These publications may be ordered from:

GE Energy
Distribution Services
P.O. Box 2913, Bloomington, IL 61702-2913
(309) 664-1513 Fax (309) 662-9660

General Purpose Control Components GE Fastrac Program

Introduction

What you want.

When you want it.

Fastrac Program Lead Times listed in red - Restrictions Apply

Combination and non-combination starters

The GE Fastrac Program covers eighty percent of the combination magnetic motor starters that GE sells as well as non-combination magnetic motor starters (3-phase, 3-pole) in NEMA sizes 0-4 with a full range of options. Check Speedi Configurator or Catalog Number Screens for available products.

Standard cycle: 2 weeks.

GE Fastrac Program: 1 day

References: DEA-479 GE Fastrac Program for NEMA Starters

Switchboards

Look for many Class 1, Class 2 switchboards under the GE Fastrac Program banner.

GE Fastrac Program: 2 weeks

References: GEP-1100 BuyLog® Catalog, Section 10
GEP-786 Engineered Products Catalog, Section 3

AV3 and Power Break® designs are also available. Contact your local GE Energy sales office for details.

Motor control centers

GE Fastrac Program encompasses a variety of motor control centers.

Motor control centers

GE Fastrac Program: 1 week

References: GEP-1100 BuyLog Catalog, Section 12
GEP-786 Engineered Products Catalog, Section 10

Motor control center units

GE Fastrac Program: 1 week

References: GEP-1100 BuyLog Catalog, Section 12
GEP-9030 GE Fastrac Program

Limitamp® medium voltage motor control

Many different Limitamp® medium voltage motor control units are available through GE Fastrac Program.

GE Fastrac Program: 3 weeks

References: GEP-786 Engineered Products Catalog, Section 11

Drive Panels

Most common configurations and voltages up to 75hp. Check Speedi Configurator or Catalog Number Screens for available products.

Standard cycle: 2 weeks.

GE Fastrac Program: 5 days

GE Fastrac Program

What you want.

When you want it.

Fastrac Program Lead Times listed in red - Restrictions Apply

Dry type transformers

GE Fastrac Program includes popular three-phase dry type transformers of 15-500kVA. Catalog numbers available include 9T23B3871 through 9.

Standard cycle: 5 days.

GE Fastrac Program: 1 day

References: GEP-1100 BuyLog Catalog, Section 8

Safety switches/Load centers

The GE Fastrac Program includes popular heavy duty and general duty safety switches as well as single and three phase load centers.

Standard cycle: 5 days.

GE Fastrac Program: Distributor stock

References: GEP-1100 BuyLog Catalog, Section 1 (load centers) and Section 2 (safety switches)

Lighting panelboards

GE Fastrac Program offers quick shipment of many high-volume A-Series® lighting panelboards.

Standard cycle: 2 weeks.

GE Fastrac Program: 1 day

References: GEP-1100 BuyLog Catalog, Section 9

Power panelboards

You'll find a range of popular Spectra® Series power panelboards available through GE Fastrac Program.

Standard cycle: 2 weeks.

GE Fastrac Program: 1 day

References: GEP-1100 BuyLog Catalog, Section 9

Busway

GE Fastrac Program encompasses many busway offerings. It places selected high-volume switch-operated fusible busway plugs, busway hangers and bus runs in stock and ready for immediate shipment. One-day shipment of fusible 30 through 200 ampere plugs for Spectra® Series, Armor-Clad and FVK. Two-week shipments for short, simple runs of Spectra® Series LowAmp Bus.

Standard cycle: 4 to 6 weeks.

GE Fastrac Program: 24 hours to 10 days.

References: GEP-1100 BuyLog Catalog, Section 11

Low voltage switchgear

A wide range of AKD-10 low-voltage switchgear is available on a GE Fastrac Program basis.

GE Fastrac Program: Contact your local GE Energy representative for details.

References: DET-196 AKD-10 Switchgear Application Guide

Trip unit conversion kits for low voltage power circuit breakers

MicroVersaTrip® Plus and MicroVersaTrip® PM trip unit conversion kits are available to upgrade existing breakers.

GE Fastrac Program: Contact your local GE Energy representative for details.

- References:
- DET-066B MicroVersaTrip® Plus & MicroVersaTrip® PM Conversion Kits for GE Power Circuit Breakers
 - DET-067B MicroVersaTrip® Plus & MicroVersaTrip® PM Conversion Kits for I-T-E Power Circuit Breakers
 - DET-093B MicroVersaTrip® Plus & MicroVersaTrip® PM Conversion Kits for Westinghouse Power Circuit Breakers
 - DET-226 MicroVersaTrip® Plus & MicroVersaTrip® PM Conversion Kits for Allis Chalmers Power Circuit Breakers

Medium voltage switchgear

A broad selection of Power/Vac units are available within the GE Fastrac Program.

GE Fastrac Program: Contact your local GE Energy representative for details.

Section 11: Specialty Control Devices

Industrial Strongbox Solenoids (CR9500)

| | |
|---|------|
| Introduction | 11-2 |
| AC Solenoid Forms | 11-3 |
| Mounting Options and Accessories for AC Forms | 11-3 |
| DC Solenoid Forms | 11-4 |
| Outlines and Dimensions | 11-4 |

Heavy Duty AC and DC Solenoids (CR9503)

| | |
|-------------------------|------|
| Introduction | 11-5 |
| Heavy Duty AC Solenoids | 11-6 |
| Heavy Duty DC Solenoids | 11-7 |
| Outlines and Dimensions | 11-8 |

Pressure Switches (CR127A, CR127B)

| | |
|--|-------|
| Introduction | 11-9 |
| Low Pressure Forms (Bellows Actuated) (CR127B) | 11-10 |
| High Pressure Forms (Piston Actuated) (CR127A) | 11-10 |
| Factory and Field-Installed Modifications | 11-11 |
| Outlines and Dimensions | 11-11 |

Vane-Operated Limit Switches (CR115A, CR115AS)

| | |
|---|-------|
| Introduction | 11-12 |
| Vane-Operated Limit Switches (all forms) (CR115A) | 11-13 |

| | |
|--|-------|
| Vane-Operated Limit Switches (solid-state forms) (CR115AS) | 11-14 |
| Outlines and Dimensions | 11-15 |

Magnet-Operated Limit Switches (CR115A, CR115AS)

| | |
|---|-------|
| Introduction | 11-16 |
| Magnet-Operated Forms (CR115A, CR115AS) | 11-17 |
| High Current Forms (CR115A) | 11-17 |
| Outlines and Dimensions | 11-18 |

Geared Rotary Limit Switches (CR115E)

| | |
|----------------------------|-------|
| Introduction | 11-19 |
| Snap-Acting Forms (CR115E) | 11-20 |
| Outlines and Dimensions | 11-21 |

Precision Snap-Acting Limit Switches (CR115B)

| | |
|----------------------------|-------|
| Introduction | 11-22 |
| Snap-Acting Forms (CR115B) | 11-23 |
| Accessories | 11-23 |
| Outlines and Dimensions | 11-23 |

Section 12: Terminal Blocks

DIN-rail Mounted Terminal Blocks (CR151K)

| | |
|-------------------------|------------|
| Product Tables | 12-3, 12-4 |
| Accessories | 12-3, 12-4 |
| Technical Data | 12-5 |

General Purpose Control Components Introducing New Auto-Updating Product Information The GE Smart Catalog™

Introduction

One-Stop Access to Catalogs

Get quick access to detailed product features, product numbers, specifications, dimensions, pricing and accessories. The following catalogs are available:

- Control Catalog — General Purpose Control Components
- BuyLog® — Low and Medium Voltage Components and Equipment

Download both catalogs or just the one you need. Once downloaded, instantly access product information on- or offline.

Automatic Catalog Updates

Having the latest GE catalog information has never been quicker or easier. When used online, you will be notified automatically when updates are available.

**Learn more about how the GE Smart Catalog works.
Go to www.gecatalogs.com**
