CAT 6 Modular Connector

Product # Description 50/400
IC1078L6xx* RJ-45 (PATENTED)

- Exceeds requirements of ANSI/TIA-568 Category 6 standard
- CAT 6 Component-Rated connectors provide excellent performance

*xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

CAT 6A UTP Performance Chart

CAT 6A UTP | CAT 6A 10G High Density (HD) Modular Connectors

Product #	Description	50/400
IC1078GAxx ¹	RJ-45, 8P8C (HD)	

- Exceeds ANSI/TIA-568 Category 6A standard
- Supports 10G data networks
- IDC termination with JackEasy™ tool reduces installation time
- High density design reduces spacing
- Shielded cap reduces Alien Crosstalk (ANEXT)

¹xx= BL-Blue, WH-White

CAT 6A | Compatible Faceplates & Surface Mount Boxes

Product #	Description
A. IC107F0zxx ¹	Classic Single Gang Faceplate
B. IC107LFzxx ¹	Classic Oversized Faceplate
IC107DAzxx ¹	Classic Angled Faceplate
IC107S0zxx ¹	Classic Station ID Faceplate
IC107SFzSS ¹	Classic Stainless Steel Faceplate
c. IC107SBzxx ¹	Classic Surface Mount Box (Recessed for ID Label)
d. IC108SBzxx ¹	Elite Surface Mount Box (Station ID)
ICMPPMB6BK	Mobile Patch Box

¹xx = See pages 15 - 25 for color references
²z denotes port count = See pages 15 - 25 for port count

CAT 6A UTP | Configurable CAT 6A Patch Panel

Product #	Description
IC107PPU6A	UTP, 24-Port Patch Panel, Unloaded, 1 RMS

- Configurable with CAT 6A UTP modular connectors
- Optimized port spacing reduces EMI and unwanted Alien Crosstalk (ANEXT)
- Front write-on labeling area for port identification
- Includes rear cable management bar to facilitate proper cable spacing

¹ RMS (Rack Mount Space) = 1.75"

CAT 6A 650 MHz 10G UTP | Premise Cables

Product #	Description
ICCABP6ABL	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMP, Blue
ICCBP6ABL	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMR, Blue

- Exceeds ANSI/TIA-568 Category 6A standard
- Center separator reduces crosstalk
- Rip cord provides easier jacket removal
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per reel (305 meters)
- Nominal Velocity of Propagation (NVP) 65% CMR and 67% CMP

CAT 6A FTP Performance Chart

CAT 6A FTP | CAT 6A 10G Modular Connector

Product #	Description	50/400
IC1078S6A0	RJ-45, 8P8C, Shielded	

- Exceeds ANSI/TIA-568 Category 6A standard
- Supports 10G data networks
- Fully shielded to protect against EMI and Alien Crosstalk (ANEXT)
- Integrated one piece termination cap

See page 67 for Grounding Wire (ICACSGK6AS)

CAT 6A | Compatible Faceplates & Surface Mount Boxes

Product #	Description
IC107F0zxx ¹	Classic Single Gang Faceplate
IC107LFzxx ¹	Classic Oversized Faceplate
A. IC107DAzxx ¹	Classic Angled Faceplate
B. IC107S0zxx ¹	Classic Station ID Faceplate
C. IC107SFzSS ¹	Classic Stainless Steel Faceplate
IC107SBzxx ¹	Classic Surface Mount Box (Recessed for ID Label)
IC108SBzxx ¹	Elite Surface Mount Box (Station ID)
D. IC107PMB6BK	Mobile Patch Box

¹xx = See pages 15 - 25 for color references
¹z denotes port count = See pages 15 - 25 for port count

CAT 6A FTP | Configurable CAT 6A Patch Panel

Product #	Description
IC107PPS6A	FTP, 24-Port Patch Panel, Unloaded, 1 RMS

- Configurable with CAT 6A FTP modular connectors
- Pre-installed with grounding studs for quick and secure installations
- Front write-on labeling area for port identification
- Includes rear cable management bar to facilitate proper bend radius

1 RMS (Rack Mount Space) = 1.75"

CAT 6A 650 MHz 10G FTP | Premise Cables

Product #	Description
ICCA6P6FBL	4-Pair, 23 AWG, FTP, Solid Copper Cable, CMP, Blue
ICCA6R6FBL	4-Pair, 23 AWG, FTP, Solid Copper Cable, CMR, Blue

- Exceeds ANSI/TIA-568 Category 6A standard
- Center separator reduces crosstalk
- Shielded jacket provides protection against EMI and RFI noise
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per reel (305 meters)
- Nominal Velocity of Propagation (NVP) 65% CMR and 70% CMP

CAT6 EZ (Easy) | CAT 6 Modular Connectors

Product # *Description* 50/400
IC1078L6xx¹ RJ-45, 8P8C (EZ)

- Exceeds ANSI/TIA-568 Category 6 standard
- Category 6 Component-Rated
- Pair-to-Pair wiring for easy termination and optimal performance

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

CAT6 HD (High Density) | CAT 6 Modular Connectors

Product # *Description* 50/400
IC1078F6xx¹ RJ-45, 8P8C (HD)

- Exceeds ANSI/TIA-568 Category 6 standard
- Category 6 Component-Rated
- Split back IDC termination
- Slim body style minimizes spacing between ports

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

CAT6 25 Pack | CAT 6 Modular Connectors

Product # *Description*
A. IC107L6Cxx¹ RJ-45, 8P8C (EZ) 25 pcs/Pack
B. IC107F6Cxx¹ RJ-45, 8P8C (HD) 25 pcs/Pack

- Category 6 Component-Rated
- Packaged in resealable bags for easy storage
- Reduces packaging waste, environmentally friendly

¹xx denotes color = BK-Black, BL-Blue, IV-Ivory, OR-Orange, RD-Red, WH-White

CAT6 ScTP | CAT 6 Modular Connector

Product # *Description* 50/400
IC1078S600 RJ-45, 8P8C, Shielded

- Exceeds ANSI/TIA-568 Category 6 standard
- Screen Twisted Pair (ScTP) provides shielding against Electro-Magnetic Interference (EMI)

Why EZ (Easy) Jacks?

Pair-to-Pair, Single Row Terminates in Seconds!

- Fits all Classic and Elite faceplates
- Fits all surface mount boxes
- Fits 16-Port 1 RMS on patch panels

Why HD (High Density) Jacks?

When You Need to Fit More Jacks in a Tight Space.

- Fits all Décorex style faceplates
- Fits all furniture faceplates
- Fits all 24-Port 1 RMS patch panels

CAT5^e EZ (Easy) | CAT 5e Modular Connectors

Product # **IC1078E5xx¹** Description **RJ-45, 8P8C (EZ)** 50/400

- Exceeds ANSI/TIA-568 Category 5e standard
- Category 5e Component-Rated
- Pair-to-Pair wiring for easy termination and optimum performance

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

CAT5^e HD (High Density) | CAT 5e Modular Connectors

Product # **IC1078F5xx¹** Description **RJ-45, 8P8C (HD)** 50/400

- Exceeds ANSI/TIA-568 Category 5e standard
- Category 5e Component-Rated
- Split back IDC termination
- Slim body style minimizes spacing between ports

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

CAT5^e 25 Pack | CAT 5e Modular Connectors

A.

B.

Product # Description
A. IC107E5Cxx¹ **RJ-45, 8P8C (EZ) 25 pcs/Pack** 
B. IC107F5Cxx¹ **RJ-45, 8P8C (HD) 25 pcs/Pack**

- Category 5e Component-Rated
- Packaged in resealable bags for easy storage
- Reduces packaging waste, environmentally friendly

¹xx denotes color = BK-Black, BL-Blue, IV-Ivory, OR-Orange, RD-Red, WH-White

CAT6 & CAT 5e | Modular Couplers

REAR VIEW

Product # Description 50/400
IC107CP6BK **RJ-45, 8P8C, CAT 6**
IC107C5EBK **RJ-45, 8P8C, CAT 5e**

- Exceeds ANSI/TIA-568 Category 6 & CAT 5e standards
- Slim body allows for greater density
- No termination required

color = BK-Black

JackEasy The JackEasy™ tool reduces installation time!
 — Termination Tool —

Terminates both HD and EZ modular connectors.

- Terminates and cuts 8 wires simultaneously with a simple squeeze of the handle

EZ (Easy) | CAT 3 Voice Modular Connectors

Product #	Description	50/400
IC1076V0xx ¹	RJ-11, 6P6C (EZ)	

- Designed for voice and CAT 3 data applications
- Pair-to-Pair wiring for easy termination and optimum performance
- Accepts 22~24 AWG solid wire

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

HD (High Density) | CAT 3 Voice Modular Connectors

Product #	Description	50/400
IC1076F0xx ¹	RJ-11, 6P6C (HD)	

- Designed for voice and CAT 3 data applications
- Split back IDC terminations
- Accepts 22~24 AWG solid wire
- Slim body design reduces spacing between ports

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

25 Pack | CAT 3 Voice Modular Connectors

Product #	Description	25 Pack
A. IC1076VCxx ¹	RJ-11, 6P6C (EZ) 25 pcs/Pack	
B. IC1076FCxx ¹	RJ-11, 6P6C (HD) 25 pcs/Pack	

- Designed for voice and CAT 3 data applications
- Accepts 22~24 AWG solid wire
- Packaged in resealable bags for easy storage
- Reduces packaging waste, environmentally friendly

¹xx denotes color = IV-Ivory, WH-White

REAR VIEW

CAT 3 | Voice Telephone Couplers

Product #	Description	50/400
IC107C6Sxx ¹	RJ-11, 6P6C, Pin 1-6	
IC107C6Rxx ¹	RJ-11, 6P6C, Pin 1-1	

- Available in RJ-11
- Connect telephone line cords on both ends
- No termination required

¹xx denotes color = BK-Black, GY-Gray, IV-Ivory, WH-White

4 Different Styles to Choose From!

- Accepts RG-6 and RG-59 coaxial cables
- Provides video connectivity for CCTV, CATV, SAT, HDTV applications
- Compatible with ICC faceplates, inserts, surface mount boxes and blank patch panels

1.

F-Type Video | Modular Connectors

Product #	Description	50/400
IC107B9Gxx ¹	Female-to-Female, Gold Plated, 3GHz	
IC107B9Fxx ¹	Female-to-Female, Nickel Plated, 3GHz	
IC107B5Gxx ²	Female-to-Female, Gold Plated, 2GHz	
IC107B5Fxx ²	Female-to-Female, Nickel Plated, 2GHz	

- Rear threaded F-Type connectors for secure in-wall connections with both RG-6 and RG-59 coaxial cables

IC107BGCWH	Gold Plated, 2GHz, 25 pcs/Pack	
IC107BFCWH	Nickel Plated, 2GHz, 25 pcs/Pack	

housing color = WH-White
¹xx denotes housing color = Al-Almond, BK-Black, IV-Ivory, WH-White
²xx denotes housing color = Al-Almond, BK-Black, GY-Gray, IV-Ivory, WH-White

2.

F-Type Compression | Modular Connector

Product #	Description	50/400
IC107FQGWH	F-Type-to-RG-6 Quad With Blue Band	

- Designed for RG-6 quad shield coaxial cables on the rear side to provide high definition video and superior quality audio performance
- Compression connector built right into the module to eliminate one connector and minimize signal loss

See page 67 for Compression Connectors

housing color = WH-White
 Not compatible with plenum cable

3.

BNC Video | Modular Connectors

Product #	Description	50/400
IC107B3Gxx ¹	BNC Female-to-Female, 50 Ohm, Nickel Plated	
IC107BNCxx ²	BNC Female-to-Female, 75 Ohm, Nickel Plated	

- Nickel plated
- Superior signal quality with minimal loss
- Designed for CCTV, NTSC analog video signals, satellite up and down link signals

¹xx denotes housing color = BK-Black, GY-Gray, IV-Ivory, WH-White
²xx denotes housing color = AL-Almond, BK-Black, GY-Gray, IV-Ivory, WH-White

4.

BNC Compression | Modular Connector

Product #	Description	50/400
IC107BQCWH	75 Ohm for RG-6Q Cable	

- Designed for RG-6 quad shield coaxial cables on the rear side to provide high definition video and superior quality audio performance
- Compression connector built right into the module to eliminate one connector and minimize signal loss

See page 67 for Compression Connectors

housing color = WH-White
 Not compatible with plenum cable

2 Different Styles to Choose From!

- Perfect for wall mounted LCD/LED/Plasma TVs
- Route cable behind wall for professional aesthetic appearance
- Allows for a fast and easy flush mount faceplate connections
- HDMI female to female feed-through design
- Up to 6 HDMI in one single gang
- Mix with data or other media

- Available in Single or Dual HDMI Décorex Insert with two blank ports or individual keystone snap-in styles
- Manufactured from high quality durable ABS plastic
- Includes mounting hardware and two blank port fillers

888.ASK.4.ICC | 888.275.4422

Workstations & Outlets

1.

HDMI | Modular Connectors

Product #	Description	50/400
IC107HDMxx ¹	HDMI Modular Connector	

- Gold plated HDMI connectors
- Small form factor connector allows up to (6) HDMI connections in a single gang faceplate

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

2.

Single HDMI Insert with Two Open Modular Ports | Décorex

Product #	Description	25/200
IC107DH2xx ¹	HDMI With (2) Open Ports	

- Gold plated HDMI connectors
- Includes (2) blank port fillers for unused ports

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

Dual HDMI Insert with Two Open Modular Ports | Décorex

Product #	Description	25/200
IC107DDHxx ¹	(2) HDMI With (2) Open Ports	

- Gold plated HDMI connectors
- Includes (2) blank port fillers for unused ports

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

4 Different Styles to Choose From!

- Supports audio and video applications
- Gold plated for high quality signal preservation

1.

RCA Female-to-Female | Audio/Video Modular Connectors

Product #	Description		50/400
IC107R6Gxx ¹	Red Insert	IC107B6Gxx ¹	White Insert
IC107G6Gxx ¹	Green Insert	IC107Y6Gxx ¹	Yellow Insert
IC107L6Gxx ¹	Blue Insert	IC107K6Gxx ¹	Black Insert

- Supports audio and video applications
- Colored insulators for easy identification

IC107RR5xx¹ Gold, (2-RD, 1-GN, 1-BL, 1-WH) Component Pack

¹xx denotes housing color = AL-Almond, BK-Black, IV-Ivory, WH-White

2.

RCA Female to F-Type | Audio/Video Modular Connectors

Product #	Description		50/400
IC107RFGxx ¹	Red Insert	IC107BFGxx ¹	White Insert
IC107YFGxx ¹	Green Insert	IC107YFGxx ¹	Yellow Insert
IC107LFGxx ¹	Blue Insert	IC107KFGxx ¹	Black Insert

- Supports audio and video applications
- Colored insulators for easy identification
- Rear threaded F-Type connectors for RG-6 and RG-59 coaxial cables

IC107RF5xx¹ Gold, (2-RD, 1-GN, 1-BL, 1-WH) Component Pack

¹xx denotes housing color = AL-Almond, BK-Black, IV-Ivory, WH-White

3.

RCA Female to IDC | Audio/Video Modular Connectors

Product #	Description		50/400
IC107R8Gxx ¹	Red Insert	IC107B8Gxx ¹	White Insert
IC107Y8Gxx ¹	Green Insert	IC107Y8Gxx ¹	Yellow Insert
IC107L8Gxx ¹	Blue Insert	IC107K8Gxx ¹	Black Insert

- Designed for UTP category cables over 110-Type IDC terminations
- Colored insulators for easy identification
- Run audio and video using 4-Pair UTP cable
- No soldering required

IC107B7GWH Solder Tail, Black Insert (White Housing Color Only)
IC107RD5xx¹ Gold, (2-RD, 1-GN, 1-BL, 1-WH) Component Pack

¹xx denotes housing color = AL-Almond, BK-Black, IV-Ivory, WH-White

4.

RCA Female to Compression | Audio/Video Modular Connectors

Product #	Description		50/400
IC107RQRWH	Red Insert	IC107RQWWH	White Insert
IC107RQYWH	Green Insert	IC107RQYWH	Yellow Insert
IC107RQLWH	Blue Insert	IC107RQKWH	Black Insert

- Designed for RG-6 quad shield coaxial cables on the rear side
- Minimized signal loss for improved performance
- Modular keystone and connector in one single piece

See page 67 for RCA Compression Connectors

housing color = WH-White
Not compatible with plenum cable

4 Different Styles to Choose From!

- Install ICC's Audio Speaker Spring Clip for easy installation
- Simple spring design makes it easier to insert speaker wires
 - Rear "fast-on" crimp connectors

Install ICC's Dual Audio Speaker for high density applications

- Saves up to 50% space within the faceplate
- Available in two styles; rear push-pins or rear "fast-on" crimp connectors

1.

Dual Audio Speaker | Audio Speaker Modular Connectors

Product #	Description	200/800
IC107DSCxx ¹	Dual Speaker Spring Clip With Blade Connector (PATENTED)	

- High density keystone style
- Easy installation with solderless crimp-on rear wire connections
- Black and red push buttons with + and - signs for correct polarity
- Accepts speaker wire up to 16 AWG

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

2.

Dual Audio Speaker | Audio Speaker Modular Connectors

Product #	Description	200/800
IC107DSBxx ¹	Dual Front & Rear Push Buttons (PATENTED)	

- High density keystone style
- Easy installation with push button wire connections
- Black and red push buttons with + and - signs for correct polarity
- Accepts speaker wire up to 16 AWG

¹xx denotes color = IV-Ivory, WH-White

3.

Gold Binding Post | Audio Speaker Modular Connectors

Product #	Description	125/500
IC107PMGxx ¹	Gold Binding Post, 1-Pair, Red & Black Bands	

- Gold plated for optimum performance
- Binding posts accepts up to 8 AWG multi-stranded audio wire
- Compatible with banana plugs allowing ample current flow to high wattage speakers
- Supplied as a pair with red and black bands for easy polarity identification

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

4.

Spring Clip | Audio Speaker Modular Connector

Product #	Description	100/400
IC107BSSBK	Spring Clip, With Red & Black Push Tabs (PATENTED)	

- Simple spring design that makes it quick and easy to insert speaker wires
- Supplied as a pair with red and black spring clips for easy polarity identification
- Accepts speaker wire up to 12 AWG

color = BK-Black

A-to-A | USB 2.0 Modular Coupler

Product #	<i>Description</i>	50/400
IC107UAAWH	USB Modular Coupler, A-to-A	

- USB female-to-female modular connector
- Simplify the connections between computers and peripheral devices

color = WH-White

TYPE A

TYPE B

A-to-B | USB 2.0 Modular Coupler

Product #	<i>Description</i>	50/400
IC107UABWH	USB Modular Coupler, A-to-B	

- USB female-to-female modular connector
- Simplify the connections between computers and peripheral devices
- Can be mounted with either A or B connector facing out

color = WH-White

A.

B.

VGA | Décorex 2-Port & 4-Port Inserts

Product #	<i>Description</i>	25/200
A. IC107DR2xx¹	VGA With 2 Open Ports	
B. IC107DR4xx²	VGA With 4 Open Ports	

- 15-Pin VGA female-to-female connectors
- Multiple port openings for additional connectivity
- Includes blank inserts for unused openings

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White
²xx denotes color = IV-Ivory, WH-White

S-Video & 3.5mm Stereo | Modular Connectors

Product #	<i>Description</i>	50/400
A. IC107SVlxx¹	S-Video Over UTP Termination	

- Designed for 22~24 AWG
- Designed with rear 110-Type IDC termination
- Eliminates the need for soldering on the rear side

B. IC107SAPxx¹ Stereo Jack, 3.5mm Over UTP Termination

- Accepts male plug found on typical stereo headsets
- Engineered with rear push-pins for simple and fast connections to UTP cable or any 22~24 AWG wire
- + and - as well as ground terminals for correct polarity

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

A.

B.

C.

Blank & Cable Feed-through | Inserts

Product #	<i>Description</i>	25/200
A. IC107BN0xx¹	Blank Fill-in, 10 pcs/Pack	
B. IC107BN2xx²	Cable Feed-through 10 pcs/Pack	25/200
C. ICACSDCICL	Dust Cover Insert, Clear, 10 pcs/Pack	

- Designed to cover extra ports in faceplates until needed
- Allows cable to pass cleanly through the port opening
- Feed-through opening diameter 0.30 inches
- Compatible with ICC voice, data connectors and patch panels
- Snaps on the opening to prevent dust from entering connector

¹xx denotes color = AL-Almond, BK-Black, GY-Gray, IV-Ivory, WH-White
²xx denotes color = AL-Almond, GY-Gray, IV-Ivory, WH-White

4 Different Styles to Choose From!

- Supports optical applications in bringing fiber to the desktop
- Supports both Multimode and Single-mode
- Supports high speed data transmission and broadband applications
- Compatible with ICC faceplates, inserts, surface mount boxes, and blank patch panels
- No termination required, plug and play installations

1.

SC Simplex | Fiber Optic Modular Adapters

Product #	Description
IC107SC2xx ¹	SC Modular Adapter, MM/SM (HD)

- Ceramic sleeve for precise multimode and single-mode alignment
- No tools or termination required, plug and play installations
- Adapters snap into ICC faceplates, inserts, surface mount boxes and blank patch panels

¹xx denotes color = IV-Ivory, WH-White

2.

LC (SFF) Duplex | Fiber Optic Modular Adapters

Product #	Description
IC107LC2xx ¹	LC Modular Adapter, MM/SM (HD)

- Ceramic sleeve for precise multimode and single-mode alignment
- No tools or termination required, plug and play installations
- Adapters snap into ICC faceplates, inserts, surface mount boxes and blank patch panels

¹xx denotes color = IV-Ivory, WH-White

3.

ST Simplex | Fiber Optic Modular Adapters

Product #	Description
IC107ST2xx ¹	ST Modular Adapter, MM/SM (HD)

- Ceramic sleeve for precise multimode and single-mode alignment
- No tools or termination required, plug and play installations
- Adapters snap into ICC faceplates, inserts, surface mount boxes and blank patch panels

¹xx denotes color = IV-Ivory, WH-White

4.

MT-RJ (SFF) Duplex | Fiber Optic Modular Adapters

Product #	Description
IC107MRJxx ¹	MT-RJ Modular Adapter (HD)

- Supports both multimode and single-mode transmissions
- No tools or termination required, plug and play installations
- Adapters snap into ICC faceplates, inserts, surface mount boxes and blank patch panels

¹xx denotes color = IV-Ivory, WH-White

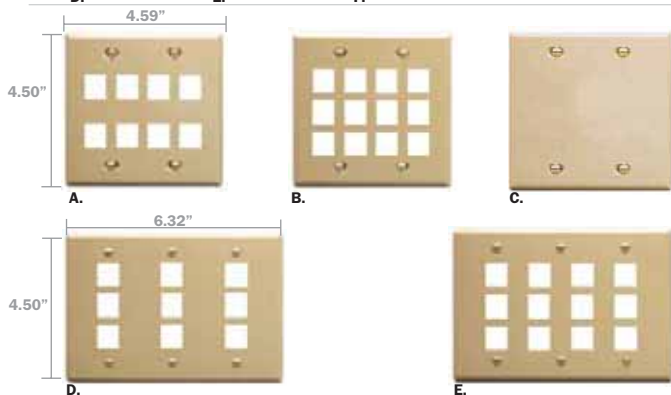

Single Gang | Classic Faceplates

Product #	Description	25/200
A. IC107F01xx ¹	1-Port, Single	d. IC107F04xx ¹ 4-Port, Single
B. IC107F02xx ¹	2-Port, Single	E. IC107F06xx ¹ 6-Port, Single
C. IC107F03xx ¹	3-Port, Single	F. IC630EB0xx ² Blank, Single

- Flush mounting style ideal for commercial and residential applications
- Configured to fit standard single gang outlet box
- ABS plastic for durability

IC107FzCxx³ Single Gang, 25 Pack 

¹xx denotes color = AL-Almond, BK-Black, GY-Gray, IV-Ivory, WH-White
²xx denotes color = AL-Almond, IV-Ivory, WH-White
³xx denotes color = IV-Ivory, WH-White
z denotes port count = 1, 2, 3, 4

Double & Triple Gang | Classic Faceplates

Product #	Description	25/100
A. IC107FD8xx ¹	8-Port, Double	d. IC107FT9xx ² 9-Port, Triple
B. IC107F12xx ¹	12-Port, Double	E. IC107FT0xx ² 12-Port, Triple
C. IC630EBDxx ³	Blank, Double	

- Flush mounting style ideal for commercial and residential applications
- Configured to fit standard double or triple gang outlet box
- ABS plastic for durability

¹xx denotes color = AL-Almond, BK-Black, GY-Gray, IV-Ivory, WH-White
²xx denotes color = GY-Gray, IV-Ivory, WH-White
³xx denotes color = AL-Almond, IV-Ivory, WH-White

Stainless Steel Single Gang | Classic Faceplates

Product #	Description	25/200
A. IC107SF1SS	1-Port, Single	d. IC107SF4SS 4-Port, Single
B. IC107SF2SS	2-Port, Single	E. IC107SF6SS 6-Port, Single
C. IC107SF3SS	3-Port, Single	F. IC630EBSSS Blank, Single

- Manufactured from 304 stainless steel to provide corrosion resistance
- Configured to fit standard single gang outlet box
- Helps prevent rust and tarnish
- Offers durability and long lasting usage
- Ideal for commercial and industrial applications

Material = STAINLESS STEEL

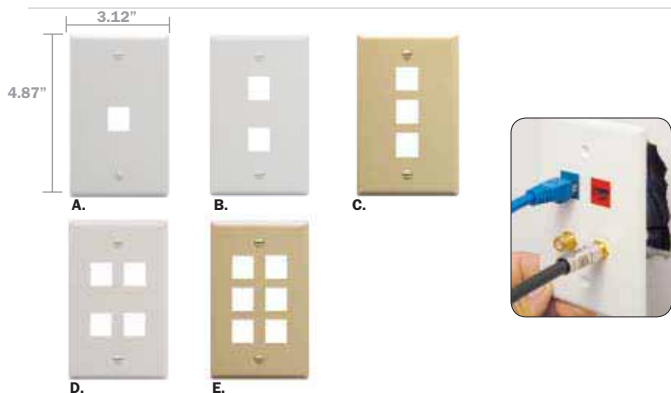

Stainless Steel Double Gang | Classic Faceplates

Product #	Description	25/100
A. IC107DF4SS	4-Port, Double	
B. IC107DF8SS	8-Port, Double	

- Manufactured from 304 stainless steel to provide corrosion resistance
- Configured to fit standard double gang outlet box
- Helps prevent rust and tarnish
- Offers durability and long lasting usage
- Ideal for commercial and industrial applications

Material = STAINLESS STEEL

Oversized | Classic Faceplates

Product #	Description	25/200
A. IC107LF1xx ¹	1-Port, Single Gang	
B. IC107LF2xx ¹	2-Port, Single Gang	
C. IC107LF3xx ¹	3-Port, Single Gang	
D. IC107LF4xx ¹	4-Port, Single Gang	
E. IC107LF6xx ¹	6-Port, Single Gang	

- Designed to cover uneven or oversized drywall cuts
- Configured to fit standard single gang outlet boxes
- Height: 4.87" and Width: 3.12"
- ABS plastic for durability

¹xx denotes color = AL-Almond, IV-Ivory, WH-White

Angled | Classic Faceplates

Product #	Description	25/200
A. IC107DA1xx ¹	1-Port, Angled, Single Gang	
B. IC107DA2xx ¹	2-Port, Angled, Single Gang	
C. IC107DA4xx ¹	4-Port, Angled, Single Gang	

- Configured to fit standard single or double gang outlet box
- Angled faceplate ports reduce cable stress
- ABS plastic for durability

¹xx denotes color = AL-Almond, IV-Ivory, WH-White

Angled & Flat | Classic Faceplates

Product #	Description	25/200
A. IC107AF2xx ¹	1-Port Flat, 1-Port Angled, Single Gang	
B. IC107AF4xx ¹	2-Port Flat, 2-Port Angled, Single Gang	
C. IC107AF8xx ¹	4-Port Flat, 4-Port Angled, Double Gang	

- Configured to fit standard single or double gang outlet box
- Angled faceplate ports reduce cable stress
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

Single Gang | Station ID Classic Faceplates

Product #	Description	25/200
A. IC107S01xx ¹	1-Port, Single Gang	
B. IC107S02xx ¹	2-Port, Single Gang	
C. IC107S03xx ¹	3-Port, Single Gang	
D. IC107S04xx ¹	4-Port, Single Gang	
E. IC107S06xx ¹	6-Port, Single Gang	

- Easy station identification with use of enclosed labels
- Configured to fit standard single or double gang outlet box
- Accepts label dimensions up to 1.70" x 0.40"
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

Double & Triple Gang | Station ID Classic Faceplates

Product #	Description	25/100
A. IC107SD8xx ¹	8-Port, Double Gang	
B. IC107ST9xx ¹	9-Port Flat, Triple Gang	

- Easy station identification with use of enclosed labels
- Configured to fit standard single or double gang outlet box
- Accepts label dimensions up to 1.70" x 0.40"
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

Angled | Station ID Classic Faceplates

Product #	Description	25/200
A. IC107AS2xx ¹	1-Port Flat, 1-Port Angled, Single Gang	
B. IC107AS4xx ¹	2-Port Flat, 2-Port Angled, Single Gang	
C. IC107AS8xx ¹	4-Port Flat, 4-Port Angled, Double Gang	

- Easy station identification with use of enclosed labels
- Configured to fit up to triple gang outlet box
- Angled faceplate ports reduce cable stress
- Accepts label dimensions up to 1.70" x 0.40"
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

Décorex | Flush Mount Faceplates

Product #	Description	
A. IC107DFSxx ¹	1-Insert, Single Gang	25/200
B. IC107DFDxx ¹	2-Inserts, Double Gang	25/200
C. IC107DFTxx ¹	3-Inserts, Triple Gang	50/200
D. IC107DFQxx ¹	4-Inserts, Quad Gang	25/100

- Designed for a consistent look with standard decor style switches
- Décorex faceplates work with a wide selection of Décorex inserts
- ABS plastic for durability

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

Décorex Inserts | Configurable

Product #	Description	
A. IC107DI2xx ¹	2-Port Insert	50/400
B. IC107DI3xx ¹	3-Port Insert	
C. IC107DI4xx ¹	4-Port Insert (HD)	
D. IC107DI6xx ¹	6-Port Insert (HD)	
E. IC630DIBxx ²	Blank Insert	

- Designed for a consistent look with standard decor style faceplates
- Accommodates a wide variety of easy to snap-in modules
- ABS plastic for durability

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White
²xx denotes color = IV-Ivory, WH-White

Electrical Faceplates & Inserts | Configurable

Product #	Description
A. IC106FP2xx ¹	2-Port, Single Gang
B. IC106FP4xx ²	4-Port, Double Gang
C. IC107DPIxx ¹	2-Port, Insert, Single Gang
D. IC1074PIxx ¹	4-Port, (HD) Insert

- Configured to fit standard single and double gang outlet box
- Convert electrical faceplates to modular outlets with 2-Port and 4-Port inserts
- ABS plastic for durability

¹xx denotes color = AL-Almond, IV-Ivory, WH-White
²xx denotes color = IV-Ivory, WH-White

Flush | Telephone Wall Plates

Product #	Description
A. IC107FFWSS	1-Port, Single Gang, Stainless Steel
B. IC107FFWxx ¹	1-Port, Single Gang, ABS Plastic

- Flush design provides a clean and smooth surface
- Configured to fit standard single gang outlet box
- Two mounting standoffs for wall mount telephone

¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White

Recessed | Telephone Wall Plates

Product #	Description
A. IC107FRWxx ¹	1-Port, Recessed, ABS Plastic, Single Gang
B. IC107FRWSS	1-Port, Recessed, Stainless Steel, Single Gang
C. IC107FWPxx ²	1-Port, Mounting Standoffs, Single Gang

- Recessed design to accommodate cable
- Configured to fit standard single gang outlet box
- Two mounting standoffs for wall mount telephone
- Use color ID caps for a clean appearance

See page 29 for Color ID Caps (IC107CICxx)
¹xx denotes color = AL-Almond, BK-Black, IV-Ivory, WH-White
²xx denotes color = AL-Almond, IV-Ivory, WH-White

2 Types of Termination

- IDC integrated faceplates allow voice and data signals to be carried over UTP solid cables
- Screw terminated wall plates offer a traditional way of termination
- Wall plates with F-Type connectors provide reliable connections for high quality video

Workstations & Outlets

Premium Products | Proven Performance | Competitive Prices

1.

A. B. C.

CAT 5e Data, Voice, Video | IDC Integrated Faceplates

Product #	Description	30/120
A. ICRDSV05xx ¹	6P6C & CAT 5e	
B. ICRDSVF0xx ¹	6P6C & F-Type	
C. ICRDS0F5xx ¹	CAT 5e & F-Type	

- Rear IDC termination for fast and reliable installations
- Includes IDC caps to secure rear terminated wiring
- ABS plastic for durability

¹xx denotes color = AL-Almond, IV-Ivory, WH-White

A. B. C.

CAT 5e Data, Voice, Video | IDC Integrated Faceplates

Product #	Description	25/100
A. ICRDSVF5xx ¹	6P6C, CAT 5e & F-Type	
B. ICRDSV25xx ¹	6P6C, CAT 5e & (2) F-Type	
C. ICRDS2F5xx ¹	(2) CAT 5e & (2) F-Type	

- Rear IDC termination for fast and reliable installations
- Includes IDC caps to secure rear terminated wiring
- ABS plastic for durability

¹xx denotes color = AL-Almond, IV-Ivory, WH-White

2.

A. B. C. D. E.

Classic | Screw Terminal Wall Plates

Product #	Description
A. IC630EGGxx ¹	Classic, (2) F-Type
B. IC630E60xx ¹	Classic, 6P6C Rear Screw Terminals
C. IC630EG0xx ¹	Classic, F-Type
D. IC630E6Gxx ¹	Classic, 6P6C Rear Screw Terminals & F-Type
E. IC630E66xx ¹	Classic, (2) 6P6C Rear Screw Terminals

- Voice wall plates are integrated with rear screw down terminals
- No punch down tool required
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

A. B. C. D.

Designer | Screw Terminal Wall Plates

Product #	Description
A. IC630S60xx ¹	Designer, 6P6C Rear Screw Terminals
B. IC630SG0xx ¹	Designer, F-Type
C. IC630S6Gxx ¹	Designer, 6P6C Rear Screw Terminals & F-Type
D. IC630S66xx ¹	Designer, (2) 6P6C Rear Screw Terminals

- Configured to fit standard single gang outlet box
- Provided with traditional screw down terminals or IDC's
- Designed to match electrical faceplates
- ABS plastic for durability

¹xx denotes = IV-Ivory, WH-White

A. B. C.

Integrated Voice & Video | Décorex Inserts

Product #	Description
A. IC630DI6xx ¹	6P6C, Rear Screw Terminals
B. IC630DD6xx ¹	(2) 6P6C, Rear Screw Terminals
C. IC630DVFxx ¹	(1) 6P6C Rear Screw Terminals & (1) F-Type

- Designed for a consistent look with standard decor style faceplates
- Gold plated F-Type connector for CATV and Satellite TV applications
- Provided with traditional screw down terminals for voice connectivity

¹xx denotes color = AL-Almond, IV-Ivory, WH-White

A. B. C.

Integrated Audio Speaker | Décorex Inserts

Product #	Description
A. ICRDSSBPxx ¹	2 Gold Binding Posts for Speaker
B. ICRDSDBPxx ²	4 Gold Binding Posts for Speaker
C. ICRDSQBPPxx ²	8 Gold Binding Posts for Speaker

- Binding posts accepts up to 18 AWG multi-stranded audio wire
- Gold plated for optimum performance
- Binding posts are marked with red and black bands for easy polarity identification

¹xx denotes color = IV-Ivory, WH-White
²xx denotes color = AL-Almond, IV-Ivory, WH-White

A. B. C.

Integrated Voice & Video | Décorex Inserts

Product #	Description
A. IC630DSFxx ¹	F-Type-to-F-Type
B. IC630DDFxx ¹	(2) F-Type-to-F-Type
C. ICRDS3RFxx ²	(3) RCA & (1) F-Type

- Designed for a consistent look with standard decor style faceplates
- Gold plated F-Type connector for CATV and Satellite TV applications
- Provided with traditional screw down terminals for voice connectivity

¹xx denotes color = AL-Almond, IV-Ivory, WH-White
²xx denotes color = IV-Ivory, WH-White

Screw Terminal

Telephone & Video | Screw Terminal Wall Plates

Product #	Description
IC630DB6xx ¹	6P6C, Rear Screw Terminals

- Designed with mounting standoffs for wall mounting telephones
- Configured to fit standard single gang outlet box
- Provided with traditional screw down terminals

¹xx denotes = IV-Ivory, WH-White

IDC Terminal

Telephone & Video | IDC Terminal Wall Plates

Product #	Description
A. IC630SS6xx ¹	6P6C, Rear 110-Type IDC Termination
B. IC630DA6SS	6P6C, Rear 110-Type IDC Termination, Stainless Steel

- Designed with mounting standoffs for wall mounting telephones
- Configured to fit standard single gang outlet box
- Provided with IDC terminals

¹xx denotes = IV-Ivory, WH-White

Screw Terminal | Surface Mount Jacks

Product #	Description
IC635DS4xx ¹	RJ-45, 8P4C With Shorting Bar, Keyed
IC635DS8xx ¹	RJ-45, 8P8C With Shorting Bar, Keyed (PICTURED)

- Keyed RJ31X jack with shorting bar allows the alarm and security system to dial out
- Designed with 50 micro inch gold plated screw down terminals
- Multiple mounting options with adhesive backing or screws
- Wiring diagram molded under the cover
- Mount on metallic surfaces with optional magnetic tape
- Pins (1 and 4) & (5 and 8) are connected by shorting bar

¹xx denotes color = IV-Ivory, WH-White

Screw Terminal | Surface Mount Jacks

Product #	Description
A. IC625SB6xx ¹	RJ-11, 6P6C
IC625SB8xx ¹	RJ-45, 8P8C

- Designed with 50 micro inch gold plated screw down terminals
- Multiple mounting options with adhesive backing or screws
- Wiring diagram molded under the cover
- Mount on metallic surfaces with optional magnetic tape

B. IC317MTAPE Magnetic Tape, Adhesive Back, 2 pcs/Pack

- For holding surface mount boxes on metal surfaces

¹xx denotes color = IV-Ivory, WH-White

Bulk Wire | Cover Faceplates

Product #	Description
IC640BSSWH	Single Gang, 0.90"D x 1.25"W Opening
IC640BDSWH	Double Gang, 1.15"D x 2.75"W Opening (PICTURED)

- Configured to fit standard single or double gang outlet box
- ABS plastic for durability

color = WH-White

Configurable | International Faceplates

Product #	Description
IC107EF1WH	1-Port, 86mm x 86mm
IC107EF2WH	2-Port, 86mm x 86mm (PICTURED)

- Designed with spring loaded shutters and covers to prevent dust and particles
- Recessed areas above and below the shutter ports for labels
- Designed to work with international wall outlet dimensions
- Works with ICC voice, data, and fiber optic modular connectors

color = WH-White

Euro Style | Elite™ Multimedia Boxes

Product #	Description
IC108CE1xx ¹	1-Port, Euro Style Mounting Box

- (1) front Elite™ bezel opening
- Complies with European outlet dimensions (83.5 mm x 83.5 mm)
- Station identification
- Works with Elite bezels
- Compatible with ICRW11 and ICRW12 raceway systems

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Workstations & Outlets | Furniture Faceplates

Choose From 4 Different Styles!

- Snaps into modular furniture systems including most popular brands such as Herman Miller, Knoll, Hayworth, Steelcase and others
- Compatible with ICC modular connectors

1.

EZ | Configurable Modular Furniture Faceplates

Product #	Description
IC107FM3xx ¹	3-Port, Furniture Faceplate

- Modern appearance with an easy to use identification scheme
- Fits openings approximately (1.30" x 2.56")
- ABS plastic for durability

¹xx denotes color = BK-Black, GY-Gray, IV-Ivory, WH-White

2.

NEMA (HD) | Configurable Modular Furniture Faceplates

Product #	Description
IC107FN4xx ¹	4-Port, NEMA, Furniture Faceplate

- Designed for high density applications
- Fits openings approximately (1.83" x 2.60")
- Designed with station ID's
- ABS plastic for durability

¹xx denotes color = BK-Black, GY-Gray, IV-Ivory, WH-White

3.

TIA (HD) | Configurable Modular Furniture Faceplates

Product #	Description
IC107FT4xx ¹	4-Port, TIA, Furniture Faceplate

- Designed for high density applications
- Fits openings approximately (1.33" x 2.60")
- Designed with station ID's
- ABS plastic for durability

¹xx denotes color = BK-Black, GY-Gray, IV-Ivory, WH-White

4.

Universal | Configurable Modular Furniture Faceplates

Product #	Description
IC108UF4xx ¹	4-Port, Universal Furniture Faceplate

- Movable locking tabs adjust to openings from (0.875" x 2.375") to (2.0" x 3.5")
- 2-Piece design (cover and base)
- Designed with station ID's
- ABS plastic for durability

¹xx denotes color = BK-Black, GY-Gray, IV-Ivory, WH-White

Single Gang | Elite™ Multimedia Outlets

Product #	Description
IC108WBSxx ¹	4-Port, Single Gang, Cover & Base

- (2) front and (2) slim Elite™ bezel openings
- Front loading bezels can be custom configured with ICC modular connectors for voice, data, audio, video, and additional fiber optic connectivity
- Easy system administration with use of enclosed icons
- Works with Elite™ and slim bezels

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Double Gang | Elite™ Multimedia Outlets

Product #	Description
IC108WBDxx ¹	7-Port, Double Gang, Cover & Base

- (4) front and (3) slim Elite™ bezel openings
- Front loading bezels can be custom configured with ICC modular connectors for voice, data, audio, video, and additional fiber optic connectivity
- Easy system administration with use of enclosed icons
- Works with Elite™ and slim bezels

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Slim Bezels | Fiber Optic

Product #	Description
A. ICFOBWTBxx ¹	ST/ST, Duplex, Metal Sleeve
B. ICFOBWCBxx ¹	SC/SC, Duplex, Metal Sleeve
C. ICFOBWLbxx ¹	LC/LC, Duplex (SFF), Metal Sleeve
D. ICFOBWMBxx ¹	MT-RJ/MT-RJ, Duplex (SFF)

- Provides (2) or (4) fiber ports per adapter
- Dust caps included
- Compatible with IC108WB multimedia outlets

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

MUTOA | Elite™ Multimedia Boxes

Product #	Description
IC108MMBxx ¹	7-Port, Multimedia Box, Cover & Base

- (1) front and (6) side Elite™ bezel openings
- Rear cable entry
- Compatible with standard NEMA single or double gang electric boxes
- Works with Elite™ bezels
- Compatible with ICRW11, ICRW12, ICRW13 raceway systems

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Elite™ Faceplates

CUSTOMIZE WITH ICC ELITE FACEPLATES!

ICC's Elite faceplates can be customized with a wide selection of bezels with integrated or configurable connectors.

- Cost-effective design to provide ease of installation
- Compatible with ICC Elite Bezels, modular connectors and couplers
- Seamless integration between copper and fiber applications
- Easy system administration with color icons and station ID's
- Complete multimedia wall outlet solution from one source

Mounting Boxes

Product #	Description
A. IC107MRSxx ¹	Single Gang (1.89" Depth)
IC107MRDxx ¹	Double Gang (1.89" Depth)

- Compatible with ICC faceplates
- Same size as standard single and double NEMA electrical boxes
- Used with ICRW11, ICRW12, and ICRW13 raceway systems

B. IC250MBSxx ¹	Single Gang, (0.92" Depth)
----------------------------	----------------------------

- Slim design

¹xx denotes color = IV-Ivory, WH-White

Junction Boxes

Product #	Description
ICACSMBSxx ¹	Single Gang, 2-Piece Design (1.89" Depth) (PICTURED)
ICACSMBDxx ¹	Double Gang, 2-Piece Design (1.89" Depth)

- Compatible with ICC faceplates
- Integrated internal routing posts and cable management system
- Rear cable entry for clean external appearance
- Same size as standard single and double NEMA electrical boxes
- Used with ICRW11, ICRW12, and ICRW13 raceway systems

¹xx denotes color = IV-Ivory, WH-White

2 Different Styles to Choose From!

MOBILE PATCH BOXES ARE GREAT FOR USE IN MANY AREAS!

- Warehouses & Industrial Areas
- Trade Shows
- Small Offices
- Classrooms

1

Configurable Mobile Patch Box

2

Integrated Mobile Patch Box

Configurable | Mobile Patch Box

Product #	Description
IC107MB6BK	6-Port, Unloaded

- Field configurable with IC107 modular connectors
- Multiple mounting options
- Includes dust cover for data port opening
- Designed with station ID's
- Rugged construction for durability

See page 66 for Magnet (ICMAGBLOCK)

CAT6

CAT 6 | Mobile Patch Box

Product #	Description
ICMPPMB606	6-Port, RJ-45, Loaded

- Exceeds ANSI/TIA-568 Category 6 standard
- PCB module, 110-Type IDC terminations
- Universal T568A and T568B wiring
- Compact design allows for quick and easy installations
- Ideal for: under floor, mobile and multi-user work areas
- Suitable for use with 4-Pair UTP solid cables
- Rugged construction for durability

See page 66 for Magnet (ICMAGBLOCK)

CAT5e

CAT 5e | Mobile Patch Box

Product #	Description
ICMPPMB506	6-Port, RJ-45, Loaded

- Exceeds ANSI/TIA-568 Category 5e standard
- PCB module, 110-Type IDC terminations
- Universal T568A and T568B wiring
- Compact design allows for quick and easy installations
- Ideal for: under floor, mobile and multi-user work areas
- Suitable for use with 4-Pair UTP solid cables
- Rugged construction for durability

See page 66 for Magnet (ICMAGBLOCK)

CAT6

CAT 6 | Patch Panels

Product #	Description	15
ICMPP02460	24-Port, RJ-45, 110-Type, T568A/B Wiring, 1 RMS	10
ICMPP04860	48-Port, RJ-45, 110-Type, T568A/B Wiring, 2 RMS (PICTURED)	

- Exceeds ANSI/TIA-568 Category 6 standard
- Rear 110-Type IDC termination
- Front write-on labeling area or optional color icons for identification
- Cable tie mounts for cable management
- 19" EIA rack mount width

See page 29 for optional Rear Cable Management Bar (ICMPP25CMB)
See page 31 for Termination Caps
1 RMS (Rack Mount Space) = 1.75"

Product #	Description	15
ICMPP0245E	24-Port, RJ-45, 110-Type, T568A/B Wiring, 1 RMS	10
ICMPP0485E	48-Port, RJ-45, 110-Type, T568A/B Wiring, 2 RMS (PICTURED)	

- Exceeds ANSI/TIA-568 Category 5e standard
- Rear 110-Type IDC termination
- Front write-on labeling area or optional color icons for identification
- Cable tie mounts for cable management
- 19" EIA rack mount width

See page 29 for optional Rear Cable Management Bar (ICMPP25CMB)
See page 31 for Termination Caps
1 RMS (Rack Mount Space) = 1.75"

CAT6

CAT 6 | Vertical Patch Panel

Product #	Description	25
ICMPP12V60	12-Port, RJ-45, 110-Type, T568A/B Wiring	

- Exceeds ANSI/TIA-568 Category 6 standard
- Front write-on labeling area or optional color icons for identification
- Cable tie mounts for cable management
- Wall mountable, measures (3.32"W x 10"H x 2.35"D)
- Includes removable 89U universal mounting bracket

See page 31 for Termination Caps

CAT5e

CAT 5e | Vertical Patch Panel

Product #	Description	25
ICMPP12V5E	12-Port, RJ-45, 110-Type, T568A/B Wiring	

- Exceeds ANSI/TIA-568 Category 5e standard
- Front write-on labeling area or optional color icons for identification
- Cable tie mounts for cable management
- Wall mountable, measures (3.32"W x 10"H x 2.35"D)
- Includes removable 89U universal mounting bracket

See page 31 for Termination Caps

Voice Grade CAT 3 | USOC Patch Panels

Product #	Description	15
ICMPP024U6	24-Port, RJ-11, USOC Wiring, 1 RMS	
A. ICMPP048U6	48-Port, RJ-11, USOC Wiring, 2 RMS (PICTURED)	

- Front write-on labeling area or optional color icons for identification
- 19" EIA rack mount width

B. ICMPP012U6	12-Port, RJ-11, USOC Wiring, Vertical (PICTURED)	
---------------	--	--

- Front write-on labeling area or optional color icons for identification
- Wall mountable, measures (3.32"W x 10"H x 1.88"D)
- Includes removable 89D mounting bracket

See page 31 for Termination Caps
1 RMS (Rack Mount Space) = 1.75"

Voice Grade CAT 3 | Telco Patch Panels

Product #	Description	15
ICMPP24T2C	24-Port, RJ-45, 8P2C, 1 RMS, 1 Male Telco Connector	
ICMPP48T2C	48-Port, RJ-45, 8P2C, 2 RMS, 2 Male Telco Connectors (PICTURED)	

- Front write-on labeling area or optional color icons for identification
- Use 25-Pair Telco cable for quick installation
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Voice Grade CAT 3 | Telco Patch Panels

Product #	Description	15
ICMPP24T4C	24-Port, RJ-45, 8P4C, 1 RMS, 2 Male Telco Connector	
ICMPP48T4C	48-Port, RJ-45, 8P4C, 2 RMS, 4 Male Telco Connectors (PICTURED)	

- Front write-on labeling area or optional color icons for identification
- Use 25-Pair Telco cable for quick installation
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Voice Grade CAT 3 | Telco Patch Panels

Product #	Description	15
ICMPP024T2	24-Port, RJ-11, 6P2C, 1 RMS, 1 Male Telco Connector	
ICMPP048T2	48-Port, RJ-11, 6P2C, 2 RMS, 2 Male Telco Connectors (PICTURED)	10

- Front write-on labeling area or optional color icons for identification
- Use 25-Pair Telco cable for quick installation
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Voice Grade CAT 3 | Telco Patch Panels

Product #	Description	15
ICMPP024T4	24-Port, RJ-11, 6P4C, 1 RMS, 2 Male Telco Connectors	
ICMPP048T4	48-Port, RJ-11, 6P4C, 2 RMS, 4 Male Telco Connectors (PICTURED)	10

- Front write-on labeling area or optional color icons for identification
- Use 25-Pair Telco cable for quick installation
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Multimedia Flush Mount | Blank Patch Panels

Product #	Description
IC107BP012	12-Port, Configurable, 1 RMS (EZ/HD)
A. IC107BP016	16-Port, Configurable, 1 RMS (EZ/HD)
IC107BP024	24-Port, Configurable, 2 RMS (EZ/HD)
IC107BP032	32-Port, Configurable, 2 RMS (EZ/HD)
B. IC107BP241	24-Port, Configurable, 1 RMS (HD Only)
IC107BP482	48-Port, Configurable, 2 RMS (HD Only)

- Front write-on labeling area for identification
- Customize with ICC modular connectors
- Pre-numbered ports for easy identification
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

2.

Multimedia | Blank Patch Panels

Product #	Description
IC107PP012	12-Port, Configurable, 1 RMS (EZ/HD)
IC107PP016	16-Port, Configurable, 1 RMS (EZ/HD)
IC107PP024	24-Port, Configurable, 2 RMS (EZ/HD)
IC107PP032	32-Port, Configurable, 2 RMS (EZ/HD) (PICTURED)

- Front write-on labeling area for identification
- Customize with ICC modular connectors
- Compatible with optional color ID caps
- 19" EIA rack mount width

See page 29 for Color ID Caps (IC107CICxx)

1 RMS (Rack Mount Space) = 1.75"

3.

REAR VIEW

UTP Configurable CAT 6A | Blank Patch Panel

Product #	Description
IC107PPU6A	UTP, 24-Port Patch Panel, Unloaded, 1 RMS

- Front write-on labeling area for identification
- Compatible with 10G UTP connectors (IC1078GAXx)
- Staggered UTP port spacing reduces Alien Crosstalk (ANEXT)
- Includes rear cable management bar
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

4.

FTP Configurable CAT 6A | Blank Patch Panel

Product #	Description
IC107PPS6A	FTP, 24-Port Patch Panel, Unloaded, 1 RMS

- Front write-on labeling area for identification
- Shielding protection from EMI/RFI interferences
- Compatible with 10G FTP connector (IC1078S6A0)
- FTP reduces Alien Crosstalk (ANEXT)
- Pre-installed with grounding stud
- Includes rear cable management bar
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

5.

Shielded ScTP | Blank Patch Panels

Product #	Description
IC107PPS16	16-Port, Configurable, 1 RMS (PICTURED)
IC107PPS32	32-Port, Configurable, 2 RMS

- Front write-on labeling area for identification
- Shielding protection from EMI/RFI interferences
- Pre-installed with grounding stud
- Includes rear cable management bar
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

A.

B.

Multimedia Flush Mount | Vertical Blank Patch Panels

Product #	Description
A. IC107BP8VB	8-Port, Configurable, Flush Mount Style (EZ/HD)

- Customize with ICC modular connectors
- Front write-on labeling area and pre-numbered ports for identification
- Wall mountable and measures (3.32"W x 10"H x 1.88"D)
- Includes removable 89D mounting bracket

B. IC107BP12V 12-Port, Configurable (HD Only)

- Customize with ICC slim body modular connectors
- Wall mountable and measures (3.32"W x 10"H x 1.88"D)
- Includes removable 89D universal mounting bracket

OPTIONAL ID CAPS

Multimedia | Vertical Blank Patch Panel

Product #	Description
IC107PP8VB	8-Port, Configurable, Color ID Cap Style (EZ/HD)

- Customize with ICC modular connectors
- Front write-on labeling area for identification
- Pre-numbered ports for identification
- Compatible with optional color ID caps
- Wall mountable and measures (3.32"W x 10"H x 1.88"D)
- Includes removable 89D universal mounting bracket

See page 29 for Color ID Caps (IC107CICxx)

Blank Panels

Product #	Description	
ICCMSCMPB1	1.75"H x 19"W, 1 RMS	60
ICCMSCMPB2	3.50"H x 19"W, 2 RMS (PICTURED)	40
ICCMSCMPB3	5.25"H x 19"W, 3 RMS	30

- Fills empty spaces between mounted equipment
- Steel construction for durability

1 RMS (Rack Mount Space) = 1.75"

Cable Management Bar

Product #	Description	
ICMPP25CMB	Rear Cable Management Bar	40

- Mountable on the back of 110-Type patch panel for rear cable support
- ABS plastic for durability

Wall Mounting Brackets

Product #	Description
A. ICMB89U0WH	Universal 89U Bracket

- Compatible with vertical patch panels and 66 wiring blocks
- Deeper cable channel

B. ICMB89D0WH 89D Bracket

- Compatible with vertical USOC, vertical blank patch panels

A.

B.

Color ID Caps

Product #	Description
IC107CICxx ¹	10 pcs/Pack

- Use color ID caps for a clean appearance and system administration

¹xx denotes color = AL-Almond, BK-Black, BL-Blue, GN-Green, GY-Gray, IV-Ivory, OR-Orange, PR-Purple, RD-Red, WH-White, YL-Yellow

1.

CAT6

CAT 6 | 110 Wiring Kit

Product # *Description*
IC110WK966 96-Pair Wiring Kit, CAT 6

- Exceeds ANSI/TIA-568 Category 6 standards
- Includes 4-Pair connecting blocks, labels and holders

2.

With Feet | 110 Wiring Blocks

Product # *Description*
IC110WF100 100-Pair Base (PICTURED)
IC110WF300 300-Pair Base

- Feet for rear cable management
- Includes labels and holders
- Compatible with optional 3-Pair, 4-Pair, and 5-Pair connecting blocks

See page 31 for Connecting Blocks (IC110CBxPR)

3.

Without Feet | 110 Wiring Blocks

Product # *Description*
IC110NF100 100-Pair Base (PICTURED)
IC110NF300 300-Pair Base

- Includes labels and holders
- Compatible with optional 3-Pair, 4-Pair, and 5-Pair connecting blocks

See page 31 for Connecting Blocks (IC110CBxPR)

4.

Hinged | 110 Wiring Block

Product # *Description*
IC110WH100 100-Pair Base, Hinged (PATENTED)

- Includes labels and holders
- Hinged for rear cable access
- Left and right cable management channels

See page 31 for Connecting Blocks (IC110CBxPR)

5.

CAT6

Rack Mount | 110 Wiring Blocks

Product # *Description*
A. IC110PRK61 96-Pair, 1 RMS, CAT 6 Kit

- Exceeds ANSI/TIA-568 Category 6 standard
- Includes 4-Pair blocks, labels and holders
- 19" EIA rack mount width

IC110RM100 100-Pair Base, 1 RMS
B. IC110RM200 200-Pair Base, 2 RMS

- Compatible with optional 3-Pair, 4-Pair, and 5-Pair connecting blocks
- Rear cable entry
- 19" EIA rack mount width

See page 31 for Connecting Blocks (IC110CBxPR)

1 RMS (Rack Mount Space) = 1.75"

Blank | 66 Wiring Block

Product #	Description	25
IC066NB050	66 Wiring Block, Blank	

- Designed for voice applications (50-Pair)
- Durable high impact flame retardant material
- Wall mountable with optional 89B bracket

Pre-Wired | 66 Wiring Blocks

Product #	Description	25
IC06626P4C	Pre-Wired 66 Block, (12) RJ-11 Ports (PICTURED)	
IC06628P8C	Pre-Wired 66 Block, (12) RJ-45 Ports	
IC06686P6C	Pre-Wired 66 Block, (8) RJ-11 Ports	

- Pre-wired ports
- Integrated with 89D mounting bracket for wall mounting
- Includes removable hinged cover

With Telco | 66 Wiring Blocks

Product #	Description	25
IC066SFT25	Pre-Terminated, Single Female Telco Connector	
IC066DFT50	Pre-Terminated, Dual Female Telco Connectors (PICTURED)	

- (1) or (2) pre-wired female Telco connectors (25/50-Pair)
- Velcro® security straps to maintain integrity of connections
- Integrated with 89D mounting bracket for wall mounting
- Includes removable hinged cover

See page 47 for 25-Pair Telco Cables (ICPCST)

66 Wiring Block Cover

Product #	Description
IC066CV050	66 Block Cover

- Clear cover protects terminations
- Provides clean appearance
- Snaps on for convenience

66 Wiring Block Labeling Strips

Product #	Description
IC066LS050	Labeling Strips, 10 pcs

- Slide-on strip secures terminated wires

89 Mounting Brackets

Product #	Description
ICMB89B0WH	89B Bracket (PICTURED)
ICMB89D0WH	89D Bracket
ICMB89U0WH	89U Bracket

- For wall mounting
- Compatible with blank 66 wiring blocks

66 Wiring Block Bridging Clips

Product #	Description
IC066BRCLP	Clip, 100 pcs/Pack

- Electrically interconnect adjacent terminals
- Tin plated phosphor bronze

End-to-End, We've Got You Covered!

ICC offers CAT 6A, 6e and 5e premise cables to provide complete end-to-end structured cabling solutions. By installing ICC premise cables, you can experience the same reliability and value in CAT 6A, 6e, and 5e cable that you've enjoyed with ICC's line of connectivity products. Best of all, ICC offers 15-Year and Lifetime warranties for guaranteed performance.

Together, we give you

of worry free installations.

Modular Connectors

ICC offers two style of modular connectors, easy (EZ) and high density (HD). ICC's EZ style connectors are the easiest to install in the industry. What makes them EZ is their single-row IDC. You don't have to split pairs; simply lay down the wires, pair by pair.

ICC's HD modular connectors are engineered with rear slim line split-back IDC for minimizing spacing between ports. They are perfect for high density applications where more port connectivity is required.

Patch Panels

To compliment ICC's modular connectors, ICC offers two styles of patch panels, 110-Type IDC and Configurable. Patch panels with IDC termination blocks are designed for single-row pair wiring making them fast and easy to install. Configurable style patch panels are designed to accept high performance HD modular connectors for greater bandwidth headroom.

Premise Cables

ICC offers CAT 6A, CAT 6e, and CAT 5e UTP and FTP premise cables. They are 100% tested and verified to exceed TIA 568 industry performance standards. They are also ETL verified and UL listed to ensure the highest quality. ICC's premise cables are available in CMR 'riser' and CMP 'plenum' types in 1000 feet dispensing cartons/reels.

UTP vs. FTP

The type of twisted-pair cabling chosen makes a difference in how well a network functions. Electromagnetic and radio waves emitted by electronics or heavy machinery can affect the performance of signals traveling through network.

- As a general rule, use FTP cabling in environments with high electromagnetic interference (EMI) or radio frequency interference (RFI)
- In electrically quiet environments, opt for UTP cable
- UTP cable offers cost savings over FTP cable due to the extra manufacturing process that is required for interference protection in a FTP cable

CMP vs. CMR

Building codes require fire rated cabling to provide protection for occupants in the event of a fire. Fire rated cabling requirements strive to reduce the toxicity of fumes emitted by cabling when burned.

- Riser-rated cable (CMR) is typically for general use in vertical spaces
- Plenum rated cable (CMP) is typically used in air circulation spaces
- Always check with your local, state, and federal laws for fire code compliance

CAT 6A 650 MHz 10G UTP | Premise Cables

Product #	Description
ICCABP6ABL	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMP, Blue
ICCABR6ABL	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMR, Blue

- Exceeds ANSI/TIA-568 Category 6A standard
- Center separator reduces crosstalk
- Rip cord provides easier jacket removal
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per reel (305 meters)
- Nominal Velocity of Propagation (NVP) 65% CMR and 67% CMP

¹xx denotes color = BL-Blue

CAT 6A 650 MHz 10G FTP | Premise Cables

Product #	Description
ICCABP6FBL	4-Pair, 23 AWG, FTP, Solid Copper Cable, CMP, Blue
ICCABR6FBL	4-Pair, 23 AWG, FTP, Solid Copper Cable, CMR, Blue

- Exceeds ANSI/TIA-568 Category 6A standard
- Center separator reduces crosstalk
- Shielded jacket provides protection against EMI and RFI noise
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per reel (305 meters)
- Nominal Velocity of Propagation (NVP) 65% CMR and 70% CMP

¹xx denotes color = BL-Blue

CAT 6e 600 MHz UTP | Premise Cables

Product #	Description
ICCABP6Exx ¹	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMP
ICCABR6Exx ²	4-Pair, 23 AWG, UTP, Solid Copper Cable, CMR

- Exceeds ANSI/TIA-568 Category 6 standard
- Center separator reduces crosstalk
- Rip cord provides easier jacket removal
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per EZ Pull Carton (305 meters)
- Nominal Velocity of Propagation (NVP) 68% CMR and 70% CMP

¹xx denotes color = BL-Blue, GY-Gray, WH-White, YL-Yellow
²xx denotes color = BL-Blue, GY-Gray, WH-White, YL-Yellow

CAT 5e 350 MHz UTP | Premise Cables

Product #	Description
ICCABP5Exx ¹	4-Pair, 24 AWG, UTP, Solid Copper Cable, CMP
ICCABR5Exx ¹	4-Pair, 24 AWG, UTP, Solid Copper Cable, CMR

- Exceeds ANSI/TIA-568 Category 5e standard
- Rip cord provides easier jacket removal
- Sequential footage markings on the outer jacket
- Standard Packaging: 1000 feet per EZ Pull Carton (305 meters)
- Nominal Velocity of Propagation (NVP) 68% CMR and 72% CMP

¹xx denotes color = BL-Blue, GY-Gray, WH-White

Graph Explanation

These graphs below show Near-End Crosstalk (NEXT) between two pairs of wire which measures unwanted signal transmitted from one pair to another pair on the near end of a UTP or FTP cable.

- Listed below are channel-rated performance test results for ICC's CAT 6A, CAT 6e, CAT 5e cables
- ICC's UTP and FTP cables provide superior performance, reliability, and exceeds TIA standard

Chart Explanation

These charts below show frequency electrical performance values and are provided for reference only.

- Actual compliance testing is based on swept frequency measurements
- The specification values are based on TIA-568 standard
- Values are expressed in dB per 100M (328 Ft.)

1.

Hinged | Wall Mount Brackets

Product # Description

A. ICCMSHBCVR Wall Mount Hinged Bracket Cover

- Optional cover for hinged brackets

ICCMSHB1RS 1.75"H x 19"W x 6"D, 1 RMS, 10 lbs. Capacity

ICCMSHB2RS 3.50"H x 19"W x 6"D, 2 RMS, 20 lbs. Capacity

B. ICCMSHB4RS 5.25"H x 19"W x 6"D, 4 RMS, 40 lbs. Capacity

ICCMSHB6RS 10.5"H x 19"W x 6"D, 6 RMS, 60 lbs. Capacity

- Hinged for easy and quick rear access
- Large rear opening for cable entry
- Standard EIA-310-D hole pattern
- 0.2" wall mounting holes
- Steel construction for strength and durability

1 RMS (Rack Mount Space) = 1.75"

2.

Fixed Open Frame | Wall Mount Racks

Product # Description

ICCMSWMR08 17.75"H x 19.75"W x 18"D, 8 RMS (PICTURED)

ICCMSWMR15 30.00"H x 19.75"W x 18"D, 15 RMS

ICCMSWMR30 56.25"H x 19.75"W x 18"D, 30 RMS

- Self-squaring design for fast and easy installation
- Standard EIA-310-D hole pattern
- 0.25" wall mounting holes
- Steel construction for strength and durability
- 125 lbs. weight capacity

1 RMS (Rack Mount Space) = 1.75"

3.

Vertical Hinged | Wall Mount Brackets

Product # Description

ICCMSVHB06 12.75"H x 19.75"W x 12"D, 6 RMS, 40 lbs. Capacity (PICTURED)

ICCMSVHB08 16.25"H x 19.75"W x 12"D, 8 RMS, 60 lbs. Capacity

ICCMSVHB18 16.25"H x 19.75"W x 18"D, 8 RMS, 60 lbs. Capacity

- Mounting rails tilt downward for easy access to rear equipment
- Large rear opening for cable entry
- Standard EIA-310-D hole pattern
- 0.25" wall mounting holes
- Steel construction for strength and durability

1 RMS (Rack Mount Space) = 1.75"

4.

Swing Gate | Wall Mount Racks

Product # Description

ICCMSGR21 27"H x 20.5"W x 19"D, 12 RMS (PICTURED)

ICCMSGR22 41"H x 20.5"W x 19"D, 20 RMS

- Swings open left or right for quick and easy access
- "Positive stop" locking mechanism, punch down while fully open
- Standard EIA-310-D hole pattern
- 0.25" wall mounting holes
- Steel construction for strength and durability
- 150 lbs. weight capacity

1 RMS (Rack Mount Space) = 1.75"

5.

Utility | Wall Mount Rack

Product # Description

ICCMSWMUR5 Wall Mount Utility Rack, 5 RMS

- Suitable for areas where floor or wall space is limited
- Equipment mount in vertical orientation
- Standard EIA-310-D hole pattern
- 0.25" wall mounting holes
- Steel construction for strength and durability
- 75 lbs. weight capacity

1 RMS (Rack Mount Space) = 1.75"

ICC's Rack Mount Numbering System Reduces Installation Time

INTEGRATED RMU NUMBERED MARKINGS ON THE RAILS OF 2-POST AND 4-POST DISTRIBUTION RACKS ALLOW INSTALLERS TO IDENTIFY INDIVIDUAL MOUNTING LOCATIONS WITHOUT THE NEED TO MEASURE OR COUNT HOLES.

- Industry standard EIA-310-D RMUs at 1.75" intervals for consistent vertical alignment and spacing of equipment
- Allow users to see available or occupied spaces for future expansion
- Begin from the bottom to the top of rails for consistent positioning regardless of the rack height

A.

2-Post Distribution Racks

Product #	Description
A. ICCMSR1984	7'H, 45 RMS
ICCMSR1972	6'H, 38 RMS
ICCMSR1948	4'H, 24 RMS

- 19" EIA rack mount width
- Side rail holes for linking racks or vertical cable channels
- Supports up to 750 lbs. when properly loaded and floor anchored
- Lightweight aluminum construction
- Mounts to concrete floor with optional anchor kit, P/N: ICCMSRFLKT (see page 43)

1 RMS (Rack Mount Space) = 1.75"

4-Post Distribution Rack

Product #	Description
ICCMSR4P84	7'H, 45 RMS

- 19" EIA rack mount width
- Side rail holes for linking racks or vertical cable channels
- Adjustable depth from 27" minimum to 32" maximum
- Supports up to 1500 lbs. when properly loaded and anchored
- Lightweight aluminum construction
- Mounts to concrete floor with optional anchor kit, P/N: ICCMSRFLKT (see page 43)

1 RMS (Rack Mount Space) = 1.75"

Cable Management Rack

Product #	Description
ICCMSMRH7	7'H, 44 RMS

- 19" EIA rack mount width
- Side rail holes for linking racks or vertical cable channels
- Integrated cable channels along both sides of rails
- Supports up to 1000 lbs. when properly loaded and anchored
- Mounts to concrete floor with optional anchor kit, P/N: ICCMSRFLKT (see page 43)

1 RMS (Rack Mount Space) = 1.75"

A.

B.

Vertical Cable Channel

Product #	Description
A. ICCMSCC6BK	6.5'H, Channel

- Lightweight and sturdy aluminum construction
- Joins two 2-Post or 4-Post distribution racks together
- Front swivel latches and large rear openings for easy cable routing

B. ICCMSCCVBK 3'H, Cover

- Conceals cables
- (2) pieces required to cover ICCMSCC6BK
- 1 pc/Pack

Cable Management Panels

ICC'S SERIES OF RING PANELS ARE DESIGNED TO OFFER MORE OPTIONS AND ENHANCE CABLE MANAGEMENT.

- Steel base provides long lasting use
- Durable clips with rounded edges makes adding and removing cable easy
- Designed to fit 19" distribution racks, cable management racks and wall mount racks
- Multiple entry holes allows cable to enter from the rear
- Cable management cover easily snaps on and off to conceal cables

Rack Shelves

ICC OFFERS A WIDE SELECTION OF RACK SHELVES

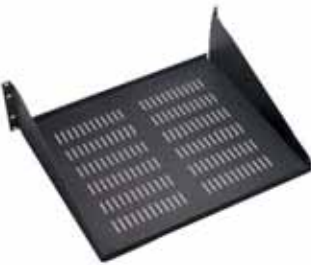

- Manufactured from durable steel
- Designed to support bulky equipment
- Vented rack shelves are designed to provide air flow to ventilate mounted equipment
- Deep rack shelves are designed to support heavier load capacities and provide support for both the front and rear of the distribution rack
- ICC's product line of rack shelves are specially designed to exceed the practical weight requirements of any communications closet

4-Post Rack Shelves

ICC COMPLIMENTS ITS 7' 4-POST DISTRIBUTION RACK WITH TWO RACK SHELVES; A VENTED BOTTOM FIXED SHELF AND SOLID BOTTOM ADJUSTABLE SHELF.

These heavy duty shelves are designed to place heavy equipments; such as large servers, UPS, and computer networking equipments.

- ICC's Vented Bottom Fixed Shelf measures a maximum depth of 32" from front to rear. It is designed to provide air flow to ventilate equipment underneath and is compliant with the EIA-310-D standard
- ICC's Solid Bottom Adjustable Shelf measures 27" from front to rear. It is designed to be adjusted up to 32" to meet your depth requirement changes and is compliant with the EIA-310-D standard

Finger Duct Panels

ICC'S FINGER DUCT PANELS ARE DESIGNED TO ROUTE AND MANAGE LARGE NUMBERS OF PATCH CORDS AND PREMISE CABLES

- Easy to install and maintain with slide-on covers for an organized appearance
- Flexible fingers offer installers an easy way to route and manage patch cords and cables

Tabs on Both Sides (Center Mount)

Interconnects 2 racks

Tabs on One Side (Side Mount)

Mounts on either side of rack

Flat Tabs on One Side (Flat Mount)

Compatible with ICCMSCMRH7 rack

Single | Vertical Finger Ducts

Product # Description

ICCMSCMA84 78" Front

- Flat mount, brackets on one side

ICCMSCMA81 78" Front (PICTURED)

- Side mount, brackets on one side

ICCMSCMA21 35" Front (PICTURED)

- Side mount, brackets on one side

- Rear cable feed-through holes
- Compatible with ICC distribution racks
- 4"W x 5"D

Sizes: (78"H x 4"W x 5"D) & (35"H x 4"W x 5"D)

Single Horizontal Finger Ducts

Product # Description

A. ICCMSCMA41 Single-Sided, 1 RMS

- 1.58"H x 3.15"D (Front Only)

B. ICCMSCMA42 Single-Sided, 2 RMS

- 3.15"H x 3.15"D (Front Only)

- For front cable management
- Ideal for concealing copper and fiber patch cords

1 RMS (Rack Mount Space) = 1.75"

Dual Horizontal Finger Ducts

Product # Description

A. ICCMSCMA61 Dual Ducts, 1 RMS

- 1.58"H x 3.15"D Front
- 1.58"H x 3.94"D Rear

B. ICCMSCMA62 Dual Ducts, 2 RMS

- 3.15"H x 3.15"D Front
- 3.15"H x 3.94"D Rear

- For front and rear cable management

1 RMS (Rack Mount Space) = 1.75"

Racks & Cable Management

Premium Products | Proven Performance | Competitive Prices

1.
WALL BRACKET
ICCMSLVWBK

- Used to secure runway sections flat against the wall

2.
WALL SUPPORT KIT
ICCMSLTWSK

- Forms a triangle wall mounting support after assembly which holds the ladder rack runway to the wall

3.
RADIUS DROP
ICCMSLCRDK

- Designed to be attached to the rungs of ladder rack to maintain bend radius at drop points

3.
4-POST RELAY RACK BRACKET
ICCMSL4PBK

- Secure straight ladder runway over 4-Post rack

4.
RELAY RACK BRACKET
ICCMSLRRBK

- Designed to be mounted over 19" distribution and cable management racks

5.
BUTT SPLICE KIT
ICCMSLEBSK

- Joins ladder rack runway sections at ends

6.
END CAPS
ICCMSLPECK

- Cover and protect runway ends
- Includes 2 each

7.
LADDER RACK RUNWAY
ICCMSLIR90 90° Inside Corner

- Used to change horizontal running cable to vertical direction

8.
LADDER RACK RUNWAY
ICCMSLFT90 90° Flat Turn

- Used for a gradual sweeping bend

9.
CABLE POST KIT
ICCMSLCRPK

- Prevents cable from falling
- Includes 2 each

Racks & Cable Management | Ladder Rack System

ICC'S LADDER RACK SYSTEM ADDRESSES ALL YOUR CABLE ROUTING NEEDS!

ICC's ladder rack system offers a complete set of cable installation, routing, and management components that are engineered for installation versatility.

- Designed with durable steel construction, black powder coated
- Provides strength and stability for long lasting use
- Designed to run cable overhead

13.
CEILING ROD KIT
ICCMSLCMRK

- Designed to sustain over-hanging runway sections

14.
SWIVEL BUTT SPLICE KIT
ICCMSLESSK

- Enables ends to be adjusted in various angles

15.
TEE-JUNCTION SPLICE KIT
ICCMSLTJSK

- Used to fasten runway sections together in a tee intersection

16.
FLOOR FOOT KIT
ICCMSLMFFK

- Kit includes mounting feet and butt splice to secure runway to the floor

10.
WALL SUPPORT ANGLE
ICCMSLAWSK

- For wall mounting runway

11.
LADDER RACK RUNWAY
ICCMSLOR90 90° Outside Corner

- Used to change horizontal running cable to vertical direction

12.
LADDER RACK RUNWAY
ICCMSLST05 5 Ft., Runway
ICCMSLST10 10 Ft., Runway

- Supports horizontal running cable
- 1.5"H x 12.5"W, 9" rung spacing

J-BOLT KIT
ICCMSLJB01

- Replacement hardware for ladder rack products

- UL listed, factory tested, 50 micro inch gold plated contacts
- Component-rated and exceeds ANSI/TIA-568 requirements
- Slim molded boots on CAT 6 and CAT 5e cords for high density applications

ICC Patch Cords

ICC HAS EIGHT DIFFERENT COLOR PATCH CORDS TO CHOOSE FROM!

ICC's component-rated RJ-45 molded boot patch cords are available in various lengths and colors. They are constructed with 4-Pair 24 AWG bare copper stranded wire and CMG/FT4 fire rated jackets. These cords are tested to the highest performance standards under TIA-568.

CAT6^o

CAT 6A | FTP 10G Patch Cords

Product # Description
ICPCSGzzBL¹ 4-Pair, FTP, 26 AWG, Stranded Conductors

- Exceeds ANSI/TIA-568 Category 6A standard
- Supports 10G bandwidth
- Shielded construction reduces EMI/RFI interference
- Flexible snag-free strain relief boots help maintain proper bend radius
- RJ-45 plugs with 50 micro inch gold plated contacts for best performance
- UL listed, factory tested and wired T568

color = BL-Blue
¹zz denotes length = 03, 07, 10, 14 feet

CAT6

CAT 6 | UTP Patch Cords

Product # Description
ICPCSKzzxx¹ 4-Pair, UTP, 24 AWG, Stranded Conductors

- Exceeds ANSI/TIA-568 Category 6 standard
- Slim boots fit narrow port spacing
- Flexible snag-free strain relief boots help maintain proper bend radius
- RJ-45 plugs with 50 Micro inch gold plated contacts for best performance
- UL listed, factory tested and wired T568

ICPCSDzzBL² 4-Pair, UTP, 24 AWG, Stranded Conductors, 25 Pack

¹xx denotes color = BK-Black, BL-Blue, GN-Green, GY-Gray, OR-Orange, RD-Red, WH-White, YL-Yellow
²zz denotes length = 01, 03, 05, 07, 10, 14, 25 feet
²zz denotes length = 01, 03, 05, 07, 10 feet (BL-Blue)

CAT5^o

CAT 5e | UTP Patch Cords

Product # Description
ICPCSJzzxx¹ 4-Pair, UTP, 24 AWG, Stranded Conductors

- Exceeds ANSI/TIA-568 Category 5e standard
- Slim boots fit narrow port spacing
- Flexible snag-free strain relief boots help maintain proper bend radius
- RJ-45 plugs with 50 Micro inch gold plated contacts for best performance
- UL listed, factory tested and wired T568

ICPCSCzzBL² 4-Pair, UTP, 24 AWG, Stranded Conductors, 25 Pack

¹xx denotes color = BK-Black, BL-Blue, GN-Green, GY-Gray, OR-Orange, RD-Red, WH-White, YL-Yellow
²zz denotes length = 01, 03, 05, 07, 10, 14, 25 feet
²zz denotes length = 01, 03, 05, 07, 10 feet (BL-Blue)

CAT5^o

CAT 5e | FTP Shielded Patch Cords

Product # Description
ICPCSSzzGY¹ 4-Pair, FTP, 26 AWG, Stranded Conductors

- Exceeds ANSI/TIA-568 Category 5e standard
- Shielded construction reduces EMI/RFI interference
- RJ-45 plugs with 50 Micro inch gold plated contacts for best performance
- UL listed, factory tested and wired T568

color = GY-Gray
¹zz denotes length = 03, 07, 10 feet

RJ-45 | 4-Pair CAT 5e 110 Patch Cords

Product #	Description
ICPCSAzzBL ¹	110-to-RJ-45 Plug, Wired T568A, 4-Pair
ICPCSBzzBL ¹	110-to-RJ-45 Plug, Wired T568B, 4-Pair

- Exceeds ANSI/TIA-568 Category 5e standard
- Connects to patch panels or 110 cross-connect systems
- Factory tested, wired to T568A or T568B

¹zz denotes length = 03, 07, 10 feet
color = BL-Blue

110 | 4-Pair CAT 5e 110 Patch Cords

Product #	Description
ICPCSRzzBL ¹	110-to-110, 4-Pair

- Exceeds ANSI/TIA-568 Category 5e standard
- Connects to patch panels or 110 cross-connect systems
- Compatible with T568A or T568B
- Factory tested

¹zz denotes length = 03, 07, 10 feet
color = BL-Blue

CAT 3 | 25-Pair Telco Cables

Product #	Description
ICPCSTMMzz ¹	Male-to-Male, 25-Pair Cable Assembly
ICPCSTFFzz ¹	Female-to-Female, 25-Pair Cable Assembly
ICPCSTFMzz ¹	Female-to-Male, 25-Pair Cable Assembly

- 90 degree style 50-Pin telco connectors
- 25-Pair 24 AWG (UTP) terminated with RJ-21 connectors
- Can be used as extension cables to simplify connections
- CMR rated PVC jacket
- Works with ICC telco patch panels and pre-wired telco 66 wiring blocks
- Category 3 performance rated

MALE

FEMALE

¹zz denotes length = 05, 10, 15, 25, 50, 75, 00 (00 = 100) feet

Male/Female-to-Blunt | CAT 3 25-Pair Telco Cables

Product #	Description
ICPCSTMBzz ¹	Male-to-Blunt, 25-Pair Cable Assembly
ICPCSTFBzz ¹	Female-to-Blunt, 25-Pair Cable Assembly

- 90 degree style 50-Pin telco connectors
- 25-Pair 24 AWG (UTP) terminated with RJ-21 connector
- CMR rated PVC jacket
- Works with ICC telco patch panels and pre-wired telco 66 wiring blocks
- Category 3 performance rated

¹zz denotes length = 05, 10, 15, 25 feet

Telephone Line Cords

Product #	Description
ICLC4zzFSV ¹	Pin 2-5, 6P4C
ICLC6zzFSV ¹	Pin 1-6, 6P6C

- 4-Conductor and 6-Conductor
- Designed for voice connectivity applications

¹zz denotes length = 07, 14, 25 feet

CATV Coax Patch Cords

Product #	Description
ICPCSFzzBK ¹	Male-to-Male

- 18 AWG bare copper, and gold plated F-Type connectors
- 75 Ohm copper-clad core
- Double shielded to prevent EMI/RFI interference

¹zz denotes length = 03, 06, 12, 25 feet

CAT 6 & CAT 5e RJ-45 Modular Plugs use a Loading Bar for Easier Insertion

Stranded vs. Solid

- Choose solid plugs for solid cables
- Choose stranded plugs for stranded cables
- Choose oval plugs for round cables
- Choose flat plugs for flat cables
- Always ensure that you identify the cable before selecting the appropriate plug

- Each bag contains 100 plugs

Factory terminated patch cords or cable assemblies are recommended for consistent channel compliance

CAT6 Solid & Stranded | CAT 6

Product # *Description*
ICMP8P8C6E CAT 6

- Loading bar for easy insertion
- Accepts 24~26 AWG solid/stranded wires
- Oval cable entry

CAT6 Solid & Stranded | CAT 6

Product # *Description*
ICMP8P8C6S CAT 6 Shielded

- Loading bar for easy insertion
- Accepts 24~26 AWG solid/stranded wires
- Oval cable entry

BENEFITS AND KEY PRODUCT FEATURES

- Saves significant time and reduces overall installation costs
- Factory terminated and tested, eliminate splicing, polishing, and testing
- "Plug and Play" solution

Fiber Optic Plug & Play Cassettes

ICC's PRE-TERMINATED FIBER OPTIC MPO CASSETTE MODULES ARE DESIGNED WITH A SIMPLE "PLUG AND PLAY" SYSTEM THAT REQUIRES NO FIELD TERMINATION OR SPLICING.

MPO cassettes support 10G Ethernet, fiber channel and link specifications.

- 10G, SC, LC Duplex configurations
- Numbered port ID labels for easy port identification
- Connectivity exceeds TIA-568 performance
- Easily snap into ICC fiber optic enclosures
- MPO adapters for quick plug and play with 12 fibers per adapter

LC 24-Fiber | MPO Fiber Optic Plug & Play Cassettes

Product #	Description
ICFC24ML1G	12-LC Duplex, Multimode, 10G, 50/125µm (OM3)
ICFC24ML50	12-LC Duplex, Multimode, 50/125µm (OM2)
ICFC24MLD6	12-LC Duplex, Multimode, 62.5/125µm (OM1)
ICFC24SLD9	12-LC Duplex, Single-mode, 9/125µm

- 100% factory terminated and tested
- Modular design for easy Moves, Adds, Changes
- Compatible with ICC rack and wall mount fiber optic enclosures and fiber optic blank patch panels
- Low Insertion Loss of <0.5dB

LC 12-Fiber | MPO Fiber Optic Plug & Play Cassettes

Product #	Description
ICFC12ML1G	6-LC Duplex, Multimode, 10G, 50/125µm (OM3)
ICFC12ML50	6-LC Duplex, Multimode, 50/125µm (OM2)
ICFC12MLD6	6-LC Duplex, Multimode, 62.5/125µm (OM1)
ICFC12SLD9	6-LC Duplex, Single-mode, 9/125µm

- 100% factory terminated and tested
- Modular design for easy Moves, Adds, Changes
- Compatible with ICC rack and wall mount fiber optic enclosures and fiber optic blank patch panels
- Low Insertion Loss of <0.5dB

SC 12-Fiber | MPO Fiber Optic Plug & Play Cassettes

Product #	Description
ICFC12MS1G	6-SC Duplex, Multimode, 10G, 50/125µm (OM3)
ICFC12MS50	6-SC Duplex, Multimode, 50/125µm (OM2)
ICFC12MSD6	6-SC Duplex, Multimode, 62.5/125µm (OM1)
ICFC12SSD9	6-LC Duplex, Single-mode, 9/125µm

- 100% factory terminated and tested
- Modular design for easy Moves, Adds, Changes
- Compatible with ICC rack and wall mount fiber optic enclosures and fiber optic blank patch panels
- Low Insertion Loss of <0.5dB

Fixed-Panel | Fiber Optic Rack Mount Enclosures

Product #	Description
ICFORE31RM	3-Panel, Fixed Panel, 1.75"H x 17"W x 12.6"D, 1 RMS
ICFORE62RM	6-Panel, Fixed Panel, 3.50"H x 17"W x 12.6"D, 3 RMS (PICTURED)

- Integrated cable slack management spools
- Built-in knockout grommet seals
- Integrated Velcro® tie loops
- Removable front transparent flexi-panel door
- 19" EIA rack mount width

See page 53 for optional Splice Tray (ICFOSKFM12)

1 RMS (Rack Mount Space) = 1.75"

12-Panel | Fiber Optic Rack Mount Enclosure

Product #	Description
ICFORET4RM	12-Panel, Fixed Panel, 7"H x 17"W x 12.6"D, 4 RMS

- Integrated cable slack management spools
- Built-in knockout grommet seals
- Integrated Velcro® tie loops
- Removable front transparent flexi-panel door
- 19" EIA rack mount width

See page 53 for optional Splice Tray (ICFOSKFM12)

1 RMS (Rack Mount Space) = 1.75"

Slide-Out | Fiber Optic Rack Mount Enclosures

Product #	Description
A. ICFOR102BK	2-Panel, Swing-Out Style, 1.75"H x 17"W x 11"D, 1 RMS
B. ICFOR103BK	3-Panel, Slide-Out Style, 1.75"H x 17"W x 14"D, 1 RMS
ICFOR204BK	4-Panel, Slide-Out Style, 3.50"H x 17"W x 14"D, 2 RMS
ICFOR306BK	6-Panel, Slide-Out Style, 5.25"H x 17"W x 14"D, 3 RMS
ICFOR412BK	12-Panel, Slide-Out Style, 7.00"H x 17"W x 14"D, 4 RMS

- Swing-out tray with open front, no cover, no management spools
- Integrated Velcro® tie loops and plastic fiber saddles
- Front flexi-panel door
- Slide-out tray allows for easy installation
- Holds optional large splice tray

1 RMS (Rack Mount Space) = 1.75"

Splice | Fiber Optic Rack Mount Enclosures

Product #	Description
A. ICFOR444BK	4-Panel, 96-Splice (1 Splice Tray) 7.00"H x 17"W x 14"D, 4 RMS
B. ICFOR3096	6-Panel, 96-Splice (1 Splice Trays) 5.25"H x 17"W x 14"D, 3 RMS
ICFOR4192	8-Panel, 192-Splice (6 Splice Trays) 7.00"H x 17"W x 14"D, 4 RMS

- (2) slide-out trays, (1) tray for patching, (1) tray for splicing
- Universal splice tray(s) included
- Integrated Velcro® tie loops and plastic fiber saddles
- Slide-out trays allows for an easy installation
- Holds optional large splice tray
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Loaded | Fiber Optic Rack Mount Enclosures

Product #	Description
A. ICFORSC024	24-Simplex SC Adapters, 1.75"H x 17"W x 14"D, 1 RMS
B. ICFORST024	24-Simplex ST Adapters, 1.75"H x 17"W x 14"D, 1 RMS

- Includes fiber cable management spools
- Holds optional large splice tray
- Slide-out tray allows for easy installation
- Removable front flexi-panel door
- 19" EIA rack mount width

1 RMS (Rack Mount Space) = 1.75"

Lockable | Fiber Optic Wall Mount Enclosure

Product # *Description*
ICFODE41WM 4-Panel, Single Door With Lock, 10.75"H x 13"W x 3.5"D

- Integrated cable slack management spools
- Built-in knockout grommet seals
- Built-in cable tie or Velcro® tie anchor points
- Locking door provide added security and prevent unwanted access
- Holds up to (4) adapter panels

See page 53 for optional Splice Tray (ICFOSKFM12)

Splice Tray

Product # *Description*
ICFOSKFM12 12-Splice, Splice Tray

- Supports 12 fibers with fusion sleeves
- Designed to fit ICFORE and ICFODE fiber optic enclosures

Single Door | Fiber Optic Wall Mount Enclosures

Product # *Description*
A. ICFOD102BK 2-Panel, Single Door, 13"H x 9.25"W x 3.5"D
B. ICFOD104BK 4-Panel, Single Door, 13"H x 11.5"W x 3.5"D

- Integrated adjustable cable slack management spools
- Built-in top and bottom plugs to prevent dust from entering the system
- Single door design
- Holds (2) to (4) adapter panels, and (1) small splice tray

Dual Door | Fiber Optic Wall Mount Enclosures

Product # *Description*
A. ICFOD202BK 2-Panel, Dual Doors, 10.2"H x 12"W x 3.5"D
B. ICFOD204BK 4-Panel, Dual Doors, 10.8"H x 12"W x 4.0"D

- Integrated adjustable cable slack management spools
- Built-in top and bottom plugs to prevent dust from entering the system
- Locking doors provide added security and prevent unwanted access
- Holds (2) to (4) adapter panels, and (1) small splice tray

Splice Tray Kits

Product # *Description*
A. ICFOSTFM12 12-Splice, Small Splice Tray, Supports Rack and Wall Mount
ICFOSTFM24 24-Splice, Large Splice Tray, Supports Rack Mount Only

- Includes left and right side holders for bare fusion, fusion with sleeve, and mechanical splice ribbon fusion
- Designed to fit fiber rack mount enclosures and fiber optic wall mount enclosures

B. ICFOSTUF24 24-Splice, Universal Tray

- Compatible with ICC's fiber splice enclosures
- Includes: (2) left and (2) right mechanical fusion sleeves
 - (2) left and (2) right position fusion sleeves
 - (4) tie wraps

ICC Offers Custom Fiber Cable Assemblies

Ask us how we can customize standard ICC fiber optic jumper to meet your installation requirements.

- Connector Types (LC, SC, ST, MPO)
- Fiber Rating (Single-mode 9/125µm, Multimode 50/150µm, Multimode 62.5/125µm)
- Fiber Length (in meters)

Fiber Optic System

Flat & Angled | Elite™ Bezels

Product #	Description
A. IC108BFBxx ¹	Blank, Flat
B. IC108BF1xx ¹	1-Port, Flat
C. IC108BF2xx ¹	2-Port, Flat
D. IC108BA1xx ¹	1-Port, Angled
E. IC108BA2xx ¹	2-Port, Angled

- Angled design helps cable bend radius
- Icons included, color or special icons available
- Compatible with ICC modular connectors for voice, data, audio, video and fiber connectivity
- Works with Elite™ multimedia boxes and outlets

¹xx denotes color = IV-Ivory, WH-White

Fiber Optic Multimode | Elite™ Bezels

Product #	Description
A. IC108BFTxx ¹	(2) ST/ST Simplex, Flat
B. IC108BFCxx ¹	SC/SC Duplex, Flat
C. IC108BACxx ¹	SC/SC Duplex, Angled
D. IC108BFDxx ¹	(2) SC/SC Duplex, Flat
E. IC108BFRxx ¹	SC/ST Duplex, Flat

- Provides routing for up to (2) fiber ports
- Works with Elite™ multimedia boxes and outlets
- Metal sleeves

¹xx denotes color = IV-Ivory, WH-White

PremiumProducts | ProvenPerformance | CompetitivePrices

Single Gang | Elite™ Multimedia Outlets

Product #	Description
IC108WBSxx ¹	4-Port, Single Gang, Cover & Base

- (2) front Elite™ and (2) slim bezel openings
- Front loading bezels can be custom configured with ICC modular connectors for voice, data, audio, video, and additional fiber optic connectivity
- Easy system administration with use of enclosed icons
- Works with Elite™ and slim bezels

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Double Gang | Elite™ Multimedia Outlets

Product #	Description
IC108WBDxx ¹	7-Port, Double Gang, Cover & Base

- (4) front Elite™ and (3) slim bezel openings
- Front loading bezels can be custom configured with ICC modular connectors for voice, data, audio, video, and additional fiber optic connectivity
- Easy system administration with use of enclosed icons
- Works with Elite™ and slim bezels

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Slim Bezels | Fiber Optic

Product #	Description
A. ICFOBWTBxx ¹	ST/ST, Duplex, Metal Sleeve
B. ICFOBWCBxx ¹	SC/SC, Duplex, Metal Sleeve
C. ICFOBWLBxx ¹	LC/LC, Duplex (SFF), Metal Sleeve
D. ICFOBWMBxx ¹	MT-RJ/MT-RJ, Duplex (SFF)

- Provides (2) or (4) fiber ports per adapter
- Dust caps included
- Compatible with IC108WB multimedia outlets

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

MUTOA | Elite™ Multimedia Boxes

Product #	Description
IC108MMBxx ¹	7-Port, Multimedia Box, Cover & Base

- (1) front and (6) side Elite™ bezel openings
- Rear cable entry
- Compatible with standard NEMA single or double gang electric boxes
- Works with Elite™ bezels
- Compatible with ICRW11, ICRW12, ICRW13 raceway systems

¹xx denotes color = GY-Gray, IV-Ivory, WH-White

Fiber Optic Systems

Multiple Ways to Install Fiber Optic Systems

ICC offers a variety of ways to install fiber for large, medium and small installations. From rack mounts, wall mounts and cost-effective blank patch panel solutions, ICC's fiber optic product line is designed to accommodate any installation requirement.

icc.com | csr@icc.com

Fiber Optic System

Rack Mount Solutions

For the best fiber optic solution, fiber optic rack mount enclosures is your choice. They offer the safest environment for managing fiber connectivity, and are designed with a variety of features; such as slide-out trays, splice trays, cable management, and more. Rack mount enclosures are designed to mount onto standard 19" distribution racks and come in a variety of configurations.

Wall Mount Solutions

Fiber optic wall mount enclosures are perfect for installations where room and floor space is limited. They have a compact size, and are designed to be mounted on walls. Wall mount enclosures incorporate a variety of features providing a safe environment for managing fiber optic connectivity.

Patch Panel Solutions

Need a fast and cost-effective fiber solution? ICC's fiber optic blank patch panels are the ideal choice. These panels can be installed on a wall mount bracket, wall mount rack or a distribution rack making it very versatile. The blank patch panel can even be configured with ICC fiber optic adapter panels and fiber MPO cassettes.

ICC Raceway System Solutions

Easy and flexible installations regardless of the environment!

ICC's Raceway System is the perfect solution for saving time and money. No more cutting and routing cables behind finished walls. You can install it in any open architectural environment for true flexibility.

Raceway System

- Complete end-to-end
- Route copper and fiber optic cables
- Flexible installations regardless of environment
- UL® listed to ensure highest quality
- Install in commercial offices, warehouses, and homes
- Wide selection of workstation outlets available

Raceway Sections

ICC's raceway sections are available in 6 and 8 foot lengths and come in either ivory or white. Raceway sections come in one-piece and have a flexible hinge latch design that makes installing cable easy. Raceway sections and components are designed to maintain a minimum one inch cable bend radius and are made of 94V-0 rigid vinyl for low-voltage (under 50V) communication cabling.

Raceway Single Packs

ICC's raceway sections and connecting accessories are available in single packs. They come in thick plastic bags preventing unwanted product damage. The bags perforated edge simplifies opening the package, eliminating the need for a knife or scissors. Single packs are ideal for small and medium size installations leaving installers with no unused parts.

Raceway | Cutting Tool

Product #	Description
ICACSTPE60	Raceway Cutting Tool

- Designed with ratchet mechanism allowing safe controlled cuts
- Cuts raceway, wall ducts, straight sections, and adhesive backings
- Steel frame construction with cushioned grip
- 2.5" maximum jaw opening capacity
- Compatible with ICC raceway sections and wall ducts

Raceway Compatible Products

Raceway Compatible Products

ICC OFFERS A WIDE SELECTION OF WORKSTATION OUTLETS THAT ARE DESIGNED TO WORK WITH ICC'S RACEWAY SOLUTIONS.

Raceway Knockout Reference Chart

The products listed below are designed with knockouts to accommodate different sizes of raceway sections. All knockouts can be easily removed with pliers.

Cut down 75% of termination time!

One simple squeeze of the handle simultaneously cuts all wires.

EZ Removable Blade

HD Removable Blade

The JackEasy™ Tool Makes Terminating Faster & Easier!
USE WITH ICC'S EZ AND HD MODULES!

Features:

- **Sturdy Metal Body** - Manufactured with a steel frame for durability
- **Anti-Slip Grip** - Easy to hold and terminate, giving maximum control
- **Blade Storage** - Holds extra blades so they are easily accessible
- **Floor Base** - Use the floor or any flat surface for support when terminating
- **Switchable Blade** - Easily switch between HD and EZ blades during installation
- **Ergonomic Body** - Sleek body design makes using the tool more comfortable

A.

B.

JackEasy™ | Termination Tool

Product #	Description
A. ICACSPDTEH	Termination Tool for EZ & HD Connectors

- Terminates and cuts 4-Pairs of UTP wires
- Interchangeable termination heads to punch-down both HD and EZ style modules
- Durable steel body
- Ergonomic design with a comfortable grip
- Terminates on flat surfaces such as walls or floors

B. ICACS8WUEH	Replacement Head for EZ & HD
---------------	------------------------------

Easy to Terminate with the JackEasy™
TERMINATE ON THE FLOOR OF ANY JOB SITE TO MAKE THE INSTALLATION EASIER AND MORE CONVENIENT!

The easy grip handle helps to terminate connectors with ease, and makes the job more time efficient.

- Can be terminated with one hand or on a flat surface
- Reduces installation time
- User-friendly squeeze handle
- Terminates HD and EZ modular connectors
- Seats and cuts 4-Pairs (UTP and FTP) wires at once
- Consistent high quality terminations
- Unique proprietary design
- Replacement blades available

JackEasy™
Termination Tool

Choose From 3 Different Punch-Down Tools!

- Whether it's a single blade, 4-Pair, or 5-Pair punch-down tool, ICC has the choices that will best suit your job!

1.

A.

B.

C.

Single Blade | Punch-Down Tool

Product #	Description
A. ICACSPDT00	Single Blade Tool

- Designed for both 110-Type IDC and 66 single-wire termination, both blades included
- Ergonomic design for fast, comfortable, and reliable termination
- Low impact settings allows punching down on 110-Type IDC termination, and high impact setting is used when seating 110 connecting blocks into wiring blocks

B. ICACS110RB	110 Single-Wire Replacement Blade
C. ICACS066RB	66 Single-Wire Replacement Blade

2.

A.

B.

50 kgs | 110 Punch-Down Tool Handle

Product #	Description
A. ICACSPDT04	Tool Handle (Head Not Included)

- For use with ICACS04PH5 punch-down tool head, 50 kgs of impact
- Tip of the shaft engages the blade set eliminating the possibility of blade misalignment
- Anti-slip rubber with raised grip design prevents hand slippage

B. ICACS04PH5	4-Pair, Tool Head
---------------	-------------------

- For 110 wiring blocks and patch panels

3.

A.

B.

C.

80 kgs | 110 Punch-Down Tool

Product #	Description
A. ICACSPDT05	Blade Tool

- Designed to provide 80 kgs of impact in order to properly seat connecting blocks onto wiring blocks and terminates wires simultaneously
- The blade can be reversed to hide the cutting edge, permitting the tool to be used for seating connecting blocks without trimming wires
- Tip of the shaft engages the blade set eliminating the possibility of blade misalignment

B. ICACS05PRH	5-Pair, Replacement Tool Head
C. ICACS4PRH6	4-Pair, Tool Head, CAT 6

- For 110 wiring blocks and patch panels

Handheld Termination Aid

Product #	Description
ICACSHTA01	Termination Aid

- Helps terminate ICC modular connectors
- Designed to provide a base for fast, secure, and reliable terminations
- Prevents modules or plugs from slipping out of hands, or off the work surface, prior to termination
- Compatible with ICC CAT 6, CAT 5e, voice modules and 110-Type patch plugs

Deluxe Stripping Tool

NOW YOU CAN USE ONE TOOL TO CUT, STRIP AND PREPARE YOUR CABLE!

Use this tool to cut, strip and prepare round networking cable, RG-59, RG-6, RG-7, RG-11, coaxial cable and flat telephone cables.

- Steel blade chamber cuts round networking cable, coaxial cable and flat telephone cable
- The deluxe stripping tool has an ergonomic designed handle for comfortable use and durability
- Used for stripping UTP and STP cables
- Removable and reversible blade cassette suitable for various coax sizes (RG-59, RG-6, RG-7, RG-11)
- Manufactured with ABS plastic for light weight and durability

Deluxe | Stripper Tool

Product #	Description
ICACSTSUCD	UTP & Coax Combo Cable Stripper

- Ergonomically designed for fast and easy UTP and STP cable stripping
- Outer jacket stripping blade for various twisted pair cable diameter
- Removable and reversible blade cassette with one side for RG-59/6 coaxial cables and another side for RG-7/11 coaxial cables

888.ASK.4.ICC | 888.275.4422

Tools & Accessories

Economy | Stripper Tool

Product #	Description
ICACSTSUS1	Cable Stripper

- Knife-like cutting blades provide high quality stripping
- Ergonomically designed for fast and easy UTP and STP cable stripping
- Stripping cavity accommodates five different cable diameters
- For stripping wire diameter from 5 ~ 6.2mm
- The tip is designed to help insert wires into 110-Type IDCs and 66 wiring blocks

Premium Products | Proven Performance | Competitive Prices

CATV Coax Cable | Stripper Tool

Product #	Description
ICACSCSCTV	Coax Cable Stripper

- Knife-like cutting blades provide high quality stripping
- Ergonomically designed for fast and easy coaxial cable stripping
- No cassettes needed, 3 blade types
- Strips and prepares coax cables in one pass
- Includes an allen wrench for adjusting blade positions
- For RG-58, RG-59, RG-6, and RG-6 quad coax cables

A.

B.

Wire Cutting Tools

Product #	Description
A. ICACSCTRST	Wire Cutter & Stripper

- Knife-like cutting blades provide high quality stripping
- Stripper and wire cutter tool strips various cable diameters

B. ICACSWRCTR	Wire Cutter
----------------------	--------------------

- Ergonomic design
- Durable steel frame for rugged environments
- Light-weight and compact
- Cuts up to 18 AWG copper or aluminum wire

3 Different Compression Tools to Choose From!

- ICC has a variety of compression tools for compressing F-Type, RCA, and BNC connectors

1.

Universal | Compression Tool

Product # ICACSC101U
Description Universal Compression Tool (Crimps Modular F-Type, RCA, BNC)

- Designed to compress F-Type, RCA, BNC right-angled compression connectors and modular compression connectors
- Ergonomic handle design prevents slippage during compression
- Avoids over crimping by pressing the connector vertically onto the cable without causing bends

See pages 09 & 11 for modular compression connectors
See page 67 for compression connectors

2.

F-Type | Compression Tool

Product # ICACSC102F
Description Compression Tool (Crimps F-Type Connectors)

- Designed with ratchet mechanism preventing release of the connector prior to full compression
- Ergonomic handle design prevents slippage during compression
- Avoids over crimping by pressing the connector vertically onto the cable without causing bends
- Steel frame construction for added strength and durability
- Suitable for use with RG-59, RG-6, and RG-6 quad cables

See page 67 for F-Type Compression Connectors

3.

Economic | Compression Tool

Product # ICACSC101E
Description Compression Tool (Crimps F-Type, RCA, BNC)

- Ergonomic design prevents slippage during compression
- Avoids over crimping by pressing the connector vertically onto the cable without causing bends
- Steel body constructions for added strength and durability
- Works with RG-59, RG-6 and RG-6 quad cables

See page 67 for compression connectors

F-Type | Connector Removal Tools

Product # ICACSF06RT
Description 6" Length

Product # ICACSF12RT
Description 12" Length

- Ergonomically designed for ease of use
- Carbon steel material for durability and strength
- Convenient for installing and removing F-Type Connectors from hard to reach locations
- Works with F-Type connectors; RG-59, RG-6, and RG-6Q

888.ASK.4.ICC | 888.275.4422

Tools & Accessories

Premium Products | Proven Performance | Competitive Prices

8P8C | Heavy Duty Modular Plug Crimping Tool

Product # ICACSC845 **Description** Crimp, Strip & Cut, 8P8C, RJ-45

- Professional grade crimping with integrated stripper and cutter
- Ergonomic design provides a firm and comfortable grip which prevents hands from slipping
- Use with 8P8C modular data plugs

Universal | Modular Plug Crimping Tool

Product # ICACSC864 **Description** Crimp, 4, 6, & 8-Position Modular Plug

- Universal crimping for 4, 6, and 8-Position modular plugs
- Ergonomic design provides a firm and comfortable grip which prevents hands from slipping
- Integrated stripper and cutter

Deluxe | Cable Tie Tool

Product # ICACSTCTFD **Description** Cable Tie Fastener

- Aluminum for durability
- Ergonomic design with single spring loaded mechanism
- Adjustable bundle wheel for proper operating pressure
- Supports cable tie thickness of up to 0.6" and width of 0.086" ~ 0.190"

Economy | Cable Tie Tool

Product # ICACSTCTFE **Description** Cable Tie Fastener Tool

- Carbon steel strength
- Ergonomic design with single spring loaded mechanism
- Supports cable tie thickness of up to 0.1" and width of up to 0.37"

Pre-Terminated Assemblies

Premium Products | Proven Performance | Competitive Prices

CX | HiPerLink Cassette-to-Cassette

- For installations between data racks
- Available in CAT 6 UTP and CAT 6A UTP/FTP cable
- CAT 6A FTP solution provides 360° shielded protection with 10G performance
- Exceeds EIA/TIA performance requirements
- CMP (Plenum) or CMR (Riser) rated cable
- Available in custom lengths up to 295 Ft.
- Factory terminated and 100% tested
- Includes test results

CM | HiPerLink Cassette-to-Modular Connectors

- For installations between cross-connections and workstations
- Available in CAT 6 UTP and CAT 6A UTP/FTP cable
- CAT 6A FTP solution provides 360° shielded protection with 10G performance
- Exceeds EIA/TIA performance requirements
- CMP (Plenum) or CMR (Riser) rated cable
- Available in custom lengths up to 295 Ft.
- Factory terminated and 100% tested
- Includes test results

BUILD TO YOUR SPECIFICATIONS

Extended Bracket Panels

Product #	Description
A. ICCMSFCMRP	Front, 3" Deep
B. ICCMSRCMRP	Rear, 5" Deep

- Provides cable support in front or back of patch panels
- No extra RMS needed

Plug and Play Fiber Optic Solutions

With ICC's pre-terminated fiber solutions, simply 'plug and play' fiber into any FTTx network architecture; data centers, network backbone or straight to the workstation.

Plug and Play

- Install right out of the box with no hassle
- 10G Performance
- Exceeds TIA 568 standards
- Superior Reliability
- Low Insertion Loss of <0.5dB
- Built-to-Order
- Cassette-to-Cassette, Cassette-to-Connectors, Cassette-to-Workstation

FCC | MPO HiPerLink Cassette-to-Cassettes

- For installations between data racks
- Wired straight through (1-1)
- OM3/10G laser optimized, MPO Cassettes are backward compatible with 50/125µm (OM2) system requirements

Rack Mount Installation

SIMPLY 'PLUG AND PLAY' FIBER INTO ANY FTTx NETWORK!

ICC is the preferred choice for data transfer between Telecommunication Rooms, Inner-Buildings, and Work Areas. It also serves as an integration point in Data Centers, Storage Area Networks, or Local Area Networks.

APPLICATIONS:

- Premise Backbone Cabling
- Consolidation Points
- Data Centers

FEATURES & BENEFITS:

- Ideal for small or large installations
- Simplified system design
- Reduces installation time and costs
- Flexible network configuration
- Installation does not require expert engineers or special tools

FCN | MPO HiPerLink Cassette-to-Connectors

- For installations between cross-connects
- Wired straight through (1-1)
- OM3/10G laser optimized, MPO Cassettes are backward compatible with 50/125µm (OM2) system requirements

icc.com | csr@icc.com

Pre-Terminated Assemblies

FWA | MPO HiPerLink Cassette-to-Work Area Outlets

- For installations between cross-connects and workstations
- Wired straight through (1-1)
- OM3/10G laser optimized, MPO Cassettes are backward compatible with 50/125µm (OM2) system requirements

Work Area Outlets and Connector Installations

DEPLOY RELIABLE NETWORK SYSTEMS AND UPGRADES QUICKLY!

ICC's Cassette-to-Work Areas Outlets solution is the preferred choice to deploy fiber-to-the-desk (FTTD) in high bandwidth network environments with data connections such as streaming video, computer animation, scientific and medical applications.

APPLICATIONS:

- Fiber-to-the-Desk (FTTD)
- Rapid Network Deployments
- High-Density Networks

FEATURES & BENEFITS:

- Perfect solution for high bandwidth workstations
- Quick and error-free installations
- No splicing required
- Factory terminated and tested
- Provides secure network connection

Elite Installer Programs

ICC Elite Installer

Become an ICC Elite Installer and receive exclusive privileges directly from ICC.

Benefits:

- There's no cost to become an ICC Elite Installer
- Eligible to offer ICC's 15-Year Warranty with no certifications
- Participate in ICC's Reward Points Program, and redeem points for tools, gift cards, and lots more
- New product notifications
- Promotion notifications

Requirements:

- Purchase ICC complete solutions
- Register on-line icc.com/Elite

No Cost

Offer 15-Year Warranty

Promotional Offers

Reward Points Program

ICC Certified Elite Installer

Take the next step and become ICC Certified. Our technical support, customer service, sales, and marketing teams are ready to help you. Become a top-tier installer and see your business thrive.

Additional Benefits:

- Eligible to offer ICC's Lifetime Warranty
- Local Sales Regional Manager support
- Personalized Marketing support
- Live technical support
- Register your project to receive special project pricing

Requirements:

- Complete the ICC Certified Installer Agreement
- Must have at least one (1) ICC Certified Technician on staff
- Technician status must be in good standing

Offer Lifetime Warranty

Local Sales Support

Marketing Support

Special Project Pricing

Technician Certification

- One day certification training class by a professional BICSI® Certified Instructor
- Learn the latest industry standards, installation techniques and products in structured cabling
- Earn an exclusive ICC Certified Technician Certificate
- Be certified for up to for 5 years
- Qualify to earn 5 BICSI Continuing Education Credits
- Register on-line icc.com/Certification

Elite Installer Warranty Programs

15-Year Performance Warranty

No Certifications, No Paperwork, **No Red Tape**

15-Year Limited Permanent Link Performance Warranty (LPW)

Coverage: Guaranteed performance for 15 years from the date of installation. Coverage includes the replacement of ICC products only.

Explanation: Warranty is available for ICC category-rated connectivity products¹ and ICC horizontal premise cable as an end-to-end, Permanent Link solution. No Certification Needed.

¹Channel Link Performance Warranty: Permanent Link warranty expands to Channel Link if ICC patch cords are installed.

Exclusion: If Comparable Premise Cable² is installed instead of ICC premise cable, then this warranty will be limited to ICC connectivity products only. ICC will guarantee its connectivity product to perform to TIA Permanent Link specifications using component testing. ICC will not guarantee the performance of the non-ICC Premise Cable and its interoperability with ICC. The Elite Installer will need to obtain separate coverage from the cable supplier.

²Go to icc.com for a list of comparable premise cable manufactures.

Lifetime Certified Site Warranty

Lifetime Certified Site Cabling System Limited Warranty (CSW)

Coverage: Guaranteed performance for the usable life of the cabling system. Coverage includes replacement of ICC products and labor to replace them.

Explanation: Structured cabling system must be installed by ICC Elite Certified Installers with ICC category-rated connectivity products¹ plus ICC horizontal premise cable as an end-to-end permanent link solution, and be registered as an ICC Certified Site Cabling System.

¹Channel Link Performance Warranty: Permanent Link warranty expands to Channel Link if ICC patch cords are installed.

25 Pack

CAT6 CAT 6 Modular Connectors

Product # Description
IC107L6Cxx¹ (EZ) CAT 6
IC107F6Cxx¹ (HD) CAT 6

- Category 6 Component-Rated
- Packaged in resealable bags for easy storage
- Reduces packaging waste

¹xx denotes color = BK-Black, BL-Blue, IV-Ivory, OR-Orange, RD-Red, WH-White

25 Pack

CAT5e CAT 5e Modular Connectors

Product # Description
IC107E5Cxx¹ (EZ) CAT 5e
IC107F5Cxx¹ (HD) CAT 5e

- Category 5e Component-Rated
- Packaged in resealable bags for easy storage
- Reduces packaging waste

¹xx denotes color = BK-Black, BL-Blue, IV-Ivory, OR-Orange, RD-Red, WH-White

25 Pack

CAT 3 Modular Connectors

Product # Description
IC1076VCxx¹ (EZ) 6P6C
IC1076FCxx¹ (HD) 6P6C

- Designed for voice and CAT 3 data applications
- Packaged in resealable bags for easy storage
- Reduces packaging waste

¹xx denotes color = IV-Ivory, WH-White

25 Pack

F-Type Modular Connectors

Product # Description
IC107BGCWH Gold Plated, 2GHz
IC107BFCWH Nickel Plated, 2GHz

- 2 GHz
- Packaged in resealable bags for easy storage
- Reduces packaging waste

color = WH-White

25 Pack

Classic Faceplates

Product # Description
IC107F1Cxx¹ 1-Port, Single Gang
IC107F2Cxx¹ 2-Port, Single Gang
IC107F3Cxx¹ 3-Port, Single Gang
IC107F4Cxx¹ 4-Port, Single Gang

- Flush mounting style ideal for commercial and residential applications
- Configured to fit standard single gang outlet box
- ABS plastic for durability

¹xx denotes color = IV-Ivory, WH-White

25 Pack

Surface Mount Boxes

Product # Description
IC107BC1xx¹ 1-Port Box
IC107BC2xx¹ 2-Port Box

- Configurable with ICC modular connectors
- Multiple mounting options with adhesive backings and screws

xx¹ denotes color = IV-Ivory, WH-White

25 Pack

CAT6 CAT 6 Molded Patch Cords

Product # Description
ICPCSD01BL 1 Ft., Blue
ICPCSD03BL 3 Ft., Blue
ICPCSD05BL 5 Ft., Blue
ICPCSD07BL 7 Ft., Blue
ICPCSD10BL 10 Ft., Blue

- Exceeds ANSI/TIA-568 Category 6 standard
- Molded snag-free strain relief boots

color = BL-Blue

25 Pack

CAT5e CAT 5e Molded Patch Cords

Product # Description
ICPCSC01BL 1 Ft., Blue
ICPCSC03BL 3 Ft., Blue
ICPCSC05BL 5 Ft., Blue
ICPCSC07BL 7 Ft., Blue
ICPCSC10BL 10 Ft., Blue

- Exceeds ANSI/TIA-568 Category 5e standard
- Molded snag-free strain relief boots

color = BL-Blue

100 Pack

Velcro® Cable Ties

Product # Description
ICACSVB8BK 8" 100 Pack
ICACSVBTBK 12" 100 Pack

- Comes individually perforated
- Designed to facilitate the fastening of cables
- Tear off as needed
- (0.5"W by 8"L) and (0.5"W by 12"L)

color = BK-Black

1000 Pack

1000 Pack Cable Ties

Product # Description
ICACSL7Kxx¹ 7.5", 50 lbs.
ICACSS8Kxx¹ 8", 18 lbs.
ICACSM8Kxx¹ 8.5", 40 lbs.
ICACSL1Kxx¹ 11", 50 lbs.

- All purpose ties for securing cable bundles in resealable bags
- Easy and fast installation
- Durable and strong with an all nylon, one-piece construction

¹xx denotes color = BK-Black, BL-Blue, NL-Natural
